

COMPROMISE SOLDIER BONUS PROPOSED

DISCARDS THE CASH IDEA BUT PROVIDES FOR IMMEDIATE AID

Certificates Would be Issued Which Would Enable Men Selecting Such Option to Obtain from Banks Loan Equal to One-Half Adjusted Service Pay Upon Basis Agreed

(By The Associated Press)
WASHINGTON, March 2.—A compromise soldiers' bonus plan under which the cash feature would be eliminated where the former service men would be entitled to more than fifty dollars adjusted service pay was agreed upon today but unanimously by a special sub-committee of Republican members of the house ways and means committee. In the nature of a substitute for the discarded cash feature there would be added to the adjusted service certificate title a provision which would enable the men selecting the certificate option to obtain immediately from banks a loan equal to one-half of the adjusted service pay to which they would be entitled on the basis of one dollar a day for domestic service and \$1.25 a day for overseas service.

Chairman Fordney said it probably would be a week before all details of the loan provision could be worked out and the original bill amended to conform to it.

FIGHT ON FOUR POWER PACIFIC TREATY OPENS

Leaders of Both Parties Are Active in the Fight

(By The Associated Press)
WASHINGTON, March 2.—Fire on the four power Pacific treaty was opened in the senate today from both Republican and Democratic quarters when it was called up for debate after ratification yesterday of the Yap treaty.

Declarations against the four power treaty were delivered today by Senator Hitchcock of Nebraska, ranking Democrat on the foreign relations committee and Senators Borah of Idaho and France of Maryland, Republican "irreconcilables" in the Versailles treaty fight.

Senator Hitchcock who supported the Yap treaty said he would vote for the naval limitation and Chinese treaties also but would not support the Pacific pact unless it was materially changed.

Senators Borah and France declared their uncompromising opposition to the same pact.

Plans of Leaders.

Plans of Republican leaders for proceeding with the four power treaty apparently surprised the opposition. When it and its supplement, the matter defining the scope of the territory embraced, were laid before the senate, Senator Lodge, Republican leader, proposed that their consideration be deferred until tomorrow unless some senator desired to discuss the treaties. Mr. Lodge said he did not desire to force action but intended to hear first from the opposition. Senator Hitchcock then launched the attack. He declared that the treaties constitute an "alliance" and he also criticized vigorously the apparent secrecy surrounding their negotiation. It appeared, he declared that the principal object was to aid Great Britain in getting rid of the Anglo-Japanese alliance.

Reservation Proposed.

A reservation proposed in the foreign relations committee's deliberations by Senator Brandegee, Republican, Connecticut, was advocated by Senator Hitchcock. He proposed an insertion, either by amendment or reservation of the word "unprovoked" in the obligation clause. Without this change, he said he could not support the treaty, asserting that the United States should be obligated under the treaty only in case of unprovoked aggression against the signatory powers.

BRITISH GOLF CLUB
ACCEPT U. S. INVITE.

LONDON, March 2.—The Championship Committee of the Royal and Ancient Golf Club has accepted the invitation of the United States Golf association to send a team to America this summer provided the necessary financial arrangements can be made.

GRAVE CRISIS PROJECTED BY LLOYD GEORGE

Would Abandon Coalition and Revive Old Party System

(By The Associated Press)
LONDON, March 2.—The political crisis projected by the prime minister yesterday has made no progress toward solution, and nobody ventures a prediction as to how it will eventually be solved. It is less a personal conflict between Lloyd George and Sir George Younger, leader of the conservative secessionists than a symptom of the struggle on the part of the three principal parties, conservative, liberal and labor, to abandon the coalition system which is generally considered to have outlined its usefulness and get back to the old party system.

In this struggle Mr. Lloyd George occupies an anomalous position, inasmuch, altho head of the government, he has no direct control of the party funds or the electoral machinery, since he is the accepted leader of neither the conservative nor the liberal party. Sir George Younger is chairman of the Unionist organization, which controls the party funds and represents the whole conservative party of the country. Younger cannot be dethroned except by a vote of the whole party and, if he elects to stand firm, will continue to control the party's funds.

The revolt includes about fifty of the "die hard" members of the house of commons, but it has the sympathy of a great number of the other conservative members and their conservative following in the country. Presumably the crisis will continue until a meeting of the whole conservative party is held.

Aware of Chances.

Sir George Younger and his adherents are credited with being fully aware that they stand no chance at present with the electorate, but would prefer to be in opposition rather than continue an arrangement in which they are powerless to advance their own policy in the coalition. On the other hand the ministers, both conservative and liberal, are anxious to maintain the coalition government in power because they consider there is little prospect of the government being returned to power in the event of dissolution and elections.

Much is held to depend upon whether the conservative ministers, A. J. Balfour, Lord Birkenhead and Austen Chamberlain, will be able to exert sufficient pressure on the Youngerites to mend the schism in the party. If they cannot it is believed certain that the prime minister will resign, leaving the conservatives to form a government.

While everything is yet in the realm of speculation there is one indication tonight of the swift approach of either dissolution or some new development. It is announced that the king accepted the resignation of Lord Trevelin (formerly Sir Alfred T. Lawrence) from the office of Lord Chief Justice. Lord Trevelin was appointed to this position only a year ago. The natural successor to the chief justiceship at that time was Sir Gordon Hewart, but the premier wished to retain Sir Gordon as attorney general in his government. It is unofficially announced now that he will succeed Lord Trevelin and this would involve changes in the ministry.

WANT RECEIVER FOR
MOTOR COMPANY

CHICAGO, March 2.—Stockholders of the Truscor Motor company incorporated at \$1,000,000 filed a suit for a receiver in circuit court today. The bill alleges that 4,000 stockholders have been fraudulently deprived of approximately a million dollars.

According to the bill, the company was formed to manufacture tractors and farm implements and the money received has not been used for manufacturing purposes.

KENTUCKY AGAINST

TEACHING EVOLUTION

FRANKFORT, Ky., March 2.—Reversing its former stand the house rules committee today reported the Ellis anti-evolution bill for first reading. In what was regarded as an authoritative quarter it was announced yesterday it would be killed in committee. This measure was the first of three evolution bills introduced in the assembly and is regarded as the most radical. It would forbid the teaching of "atheism, agnosticism, infidelity and evolution as related to the origin of man" in schools and colleges of the state.

FREEPORT, Ill., March 2.—William Gill, is dead at Rock Grove, Ill., near here. He served in company D, First Wisconsin cavalry during the civil war and was a member of the squad that captured Jefferson Davis after the fall of the Confederacy.

Modern Jove Able to Produce Thunder and Lightning

SCHENECTADY, N. Y., March 2.—Schenectady has a modern jove who sits on his throne in a laboratory of the General Electric company and hurls thunderbolts at will. He is Dr. C. P. Steinmetz, electrical wizard, who announced today he has succeeded in producing and controlling an indoor thunderstorm with all the characteristics of its natural brother except thunderclaps.

At a demonstration of his lightning generator a few days ago, the familiar forked tongues flashed thru the laboratory with a deafening crash, splintered a large block of wood, hurling the fragments 25 feet and ripped a miniature tree from tip to base. The bolt carried the energy of 1,000,000 horsepower—about one five hundredths of the energy of natural lightning. Dr. Steinmetz estimates—and lasted for the one hundred thousandths part of a second.

Opportunity for Study.

Dr. Steinmetz hopes his apparatus will contribute largely to the development of lightning arresters as it provides an opportunity for the study at close range of the phenomena that Benjamin Franklin began to investigate years ago with his kite, string and key. His experiments have convinced him that there is little likelihood of man's reaching his dream of hurling thunder bolts and making them work. Despite their tremendous energy he says their life is so short that, harnessed they would be worth only a few cents a piece.

"In our lightning generator," he said, "we get a discharge of 10,000 amperes at over a hundred thousand volts that is, power of over a million horsepower when the generator will hold the discharge takes place. The lightning flash is seen, the thunder rolls—represented by a loud snapping sound and the bolt strikes.

HARVEY CHURCH WILL MEET DEATH ON THE GALLOWS

Governor Small Refused Plea For Clemency Last Night

(By The Associated Press)
CHICAGO, March 2.—After Federal Judge George A. Carpenter had announced that he would deny a petition of habeas corpus in the case of Harvey Church, sentenced to die on the gallows tomorrow and that he was without power to grant a stay of execution, attorneys for Church gave up their fight and announced they would make no further effort to save him.

Tonight Governor Small refused a plea for clemency for the slayer of two automobile salesmen.

Too weak to walk and his mind a blank, the result of a forty-day hunger strike, he will be carried to the gallows strapped in a chair at 4 o'clock tomorrow afternoon according to present plans.

More than 400 persons have applied for permission to see the trap sprung, including several women and it was expected that the execution would be witnessed by a record breaking crowd. Hangings in Chicago have usually been held early in the morning and the plan to make a "matinee affair" of the Church execution has met with some opposition, but will be carried out, it was announced tonight.

WANT RECEIVER FOR
MOTOR COMPANY

CHICAGO, March 2.—Stockholders of the Truscor Motor company incorporated at \$1,000,000 filed a suit for a receiver in circuit court today. The bill alleges that 4,000 stockholders have been fraudulently deprived of approximately a million dollars.

According to the bill, the company was formed to manufacture tractors and farm implements and the money received has not been used for manufacturing purposes.

KENTUCKY AGAINST

TEACHING EVOLUTION

FRANKFORT, Ky., March 2.—Reversing its former stand the house rules committee today reported the Ellis anti-evolution bill for first reading. In what was regarded as an authoritative quarter it was announced yesterday it would be killed in committee. This measure was the first of three evolution bills introduced in the assembly and is regarded as the most radical. It would forbid the teaching of "atheism, agnosticism, infidelity and evolution as related to the origin of man" in schools and colleges of the state.

FREEPORT, Ill., March 2.—William Gill, is dead at Rock Grove, Ill., near here. He served in company D, First Wisconsin cavalry during the civil war and was a member of the squad that captured Jefferson Davis after the fall of the Confederacy.

charge is mechanically torn to pieces. A piece of wire struck by the flash vanishes in dust.

Electric Differences.

"The difference between lightning energy and ordinary electric current is similar to that between a pound of dynamite and a pint of gasoline. The pint of gasoline contains more energy and can do more work than the pound of dynamite but the pint of gasoline gives off its energy slowly at a moderate rate of power, while the pound of dynamite gives off its energy explosively all at once at an enormous rate of power and thereby locally tears and destroys."

If he wanted to, Dr. Steinmetz said, he could cut loose an artificial lightning bolt that would do as much damage as did the one which assailed his camp. But he is content with producing one five hundredth as much "kick." Producing the larger bolt would involve great expense and the bolt would be too dangerous to observe at close quarters.

Steinmetz' Generator.

Dr. Steinmetz' generator consists essentially of a high voltage condenser in the form of 200 glass plates. These are arranged in two rows in groups of 5 and are capable of holding 120,000 volts of electricity.

One end of the double row of condensers corresponds to the thunder cloud in the sky, in which an electrical current is gradually stored up and increased by conglomeration of the rain drops as Dr. Steinmetz has shown. The other end of the condenser plates corresponds to the earth.

When the tension of the stored electric energy becomes too great, the generator will hold the discharge takes place. The lightning flash is seen, the thunder rolls—represented by a loud snapping sound and the bolt strikes.

PETITIONS DELUGE OFFICE SECRETARY EMMERSON TODAY

Largest Off-Year Primary List in History of the State

(By The Associated Press)
SPRINGFIELD, Ill., March 2.—Office of Secretary of State Emerson were deluged today with petitions of candidates who made an eleventh hour rush to enter the April 11 primary races. The zero hour for filing was midnight. Petitions arriving by mail bearing March 2 postmarks will be filed tomorrow. The period for filing which began February 10 and closed tonight is said to have contained the largest list of petitions for an off-year primary in the history of the state.

Out for Treasurer.

Until today Oscar Nelson of Kane county, was unopposed for the Republican nomination for state treasurer. Today's rush brought two more entries—George L. Lindeman of Chicago, and Charles A. Gregory of Lovington.

The petition for Mr. Gregory, who is federal prohibition director for Illinois and a member of the 52nd general assembly, was filed by friends who circulated the petition, altho Mr. Gregory had made no announcement of his candidacy. Filing of the Gregory petition caused much political speculation in the capital tonight. Unless he withdraws, politicians pointed out the Republican factional fight will be carried into the campaign for the treasury nomination, after earlier indications that the Republican nomination for the office upon which such sensational light has been focussed in recent months, would go to Nelson without opposition.

"CURB" BOOTLEGGERS SWINDLER VICTIMS

(By The Associated Press)
NEW YORK, March 2.—Bootleggers who operate on the "whiskey curb" were "snickering" today at two of their fellows who let themselves be taken in by a couple of city slickers from New York to the extent of \$15,000.

The gentlemen from New York arrived with tales of an aged and corrupt sea captain who had 25 barrels of smuggled whiskey. The New York "bootleggers" accompanied them to the cache, tasted the liquor, found it thoroughly unconstitutional and paid over \$15,000 for 12 barrels.

As they were carrying it away one bootlegger decided to take another sample. He bored every barrel without finding anything more intoxicating than sea water.

DEMAND RIVERS AND HARBORS APPROPRIATIONS

Insist Congress Approve Amount Recommended

(By The Associated Press)
WASHINGTON, March 2.—A "demand" was made on congress in a resolution adopted today at the closing session of the National Rivers and Harbors congress, that it approve at this session not less than the amount of money recommended by the chief of army engineers as necessary for improvements of national rivers and harbors.

President John H. Small, of Washington, North Carolina, who was re-elected president by a unanimous vote, called attention of the delegates to the fact that this is an election year and suggested that they go to their congressmen and demand adequate support for the rivers and harbors improvement needed. The resolution read:

Demand Full Amount.

"We insist that the only wise and patriotic policy of congress to pursue in making annual appropriations for rivers and harbors is to make appropriations, based upon the estimates submitted by the chief of engineers and we demand that this session of congress of the United States approve not less than the amount of money recommended by the chief of engineers as necessary for such improvements and we urge adequate completion of all projects approved by congress."

Roads Attitude.

Maj. Gen. Lansing H. Beach, chief of army engineers, addressed the congress today and said that in his opinion "you cannot get a better argument for the waterways than the attitude of the railroads toward them."

"They won't give bills of lading. It seems to me to be one of the principles of modern business to put a competitor out of the running before the consumer comes into consideration. And much that has been done by the railroads toward the waterways is simply the question of eliminating a competitor in business."

The congress came to an end with the election of directors for the various states and a banquet tonight at which vice-President Coolidge presided.

Dr. Julius Klein, director of the bureau of foreign commerce, chief of the department of commerce one of the speakers, said that the natural advantages enjoyed by our overseas competitors because of their location close to the sea are difficult enough to overcome but when this handicap is supplemented by staggering transportation charges covering necessary long hauls to water front, the inland exporter is up against it."

The seriousness of the situation from an expert standpoint" he added, "will perhaps be better understood if we bear in mind the fact that forty percent of the manufactured articles exported from this country originate west of Pittsburgh, east of the Rockies and north of the Arkansas-Tennessee line."

SEVERAL OFFERS IN FOR MUSCLE SHOALS

WASHINGTON, March 2.—Examination of two of the three offers for private lease, operation and completion of the government's war projected properties at Muscle Shoals, Alabama, was virtually concluded today by the house military committee. It was announced by Acting Chairman McKenzie of Illinois, that the last offer before the committee for the concern would be taken up tomorrow and that investigation of the proposals of Henry Ford and the Alabama Power company had been practically completed.

BUILD ROOSEVELT MEMORIAL SOON

FOREST HILLS, N. Y., March 2.—The Theodore Roosevelt Memorial Church, a national monument to the life and works of the former president, will be started here this spring.

This announcement was made tonight, with a statement that the idea of dedicating a church to the colonel had been suggested by the diocesan authorities of Long Island and approved by the Roosevelt structure. The new structure will be built on the site of the present St. Luke's Episcopal church and leading American artists will contribute to its making.

TENTATIVELY AGREE ON FUTURE STRENGTH OF AMERICAN ARMY

Proposed Reduction Would Cause Curtailment of Many Activities—Means Abandonment of Much Coast Defense—Suggest Use of National Guard or the Reserves

(By The Associated Press)
WASHINGTON, March 2.—Reduction of the army to 115,000 enlisted strength tentatively agreed upon today by the house appropriations sub-committee would mean an actual effective force for the next year of little more than 105,000 men, it was said tonight at the war department. The regular turnover due to expiring enlistments, recruit training and other conditions it was added, keeps about 10,000 men on the average continuously out of the active ranks.

The proposed reduction also would mean a heavy additional curtailment of various army activities, it was added. Exhaustive studies in the department as to the most advisable course to follow if another sharp cut in strength was made are known to have indicated that the coast defense, except for a few harbors of vital importance, must be virtually abandoned by the regulars in order that the regular establishment might be able to continue its primary mission in training the national guard and organized reserves.

The coast artillery corps, manning the defenses, now is composed of some 14,500 enlisted men. It has been suggested to house committees that if the regular establishment is to be reduced the bulk of the coast defense work might be transferred to the national guard or organized reserve. In the event of a further 20 percent reduction in the authorized strength of the army, it appeared possible tonight that only the guns of a few major harbor defenses such as New York and San Francisco would be retained by the regular establishment of the other defense being left to the second and third lines of defense in the new system.

Might Cut Aviation.

Another activity which might be subjected to cutting before the record of this administration, was undertaken probably would be aviation, it was said. It was regarded as likely that the flying service also might be transferred as far as possible to the national guard or organized reserve elements of the new army.

Even by radical reduction of all auxiliary services it would not be possible, officers said, to get the army down to a 115,000 authorized strength level without cutting deeply into the infantry, cavalry and artillery arms, and further consolidating training centers. The army has not completed re-distribution of forces necessary because of the virtual fifty percent reduction in strength made by congress last year.

"Scrap" Army Camps.

Camps Lee, Virginia; Jackson, S. C.; Dodge, Iowa; Pike, Arkansas; Grant, Illinois; Upton, New York, and Funston, Kansas, have been marked for "scrapping" due to that reduction while Camps Devens, Mass.; Dix, N. J.; McClellan, Alabama, and Custer, Michigan are retained only for training purposes. An additional 20 percent reduction it was said probably would mean further contraction and "scrapping" of additional posts and camps.

Budget Will be Shashed.

WASHINGTON, March 2.—At least \$50,000,000 and possibly \$60,000,000 will be slashed from the budget estimate for the war department by the house appropriations sub-committee which is framing the army appropriation bill for the fiscal year beginning July 1, next, members of the sub-committee predicted tonight. The measure they added, not only will provide that the enlisted strength of the army be reduced from its present strength of 137,000 to 115,000 men on July 1, but that the number of officers be limited to 11,000 as compared with the present strength of 12,900, on the active list.

War department estimates were revised and pared down by the budget bureau to approximately \$363,000,000 for the coming fiscal year, of this amount \$237,000,000 being requested for the army and the rest for non-military work such as improvements to rivers and harbors.

As drawn by the sub-committee the bill, it was said, does not provide for lump sum appropriations as requested by war department officials. Such an arrangement would have permitted the use of general headings as they now are, according to an opportunity to stretch economies where possible and expend amounts greater than the estimates on other activities if the total expenditure authorized was not exceeded. The bill it was emphasized will specify for what purposes each allowance is to be used.

FIRST YEAR OF HARDING RULE GIVEN REVIEW

Accepts Challenge of Democrats on All Points at Issue

(By The Associated Press)

WASHINGTON, March 2.—"The Republican party presenting the record of this administration for the peoples decision gladly accepts the challenge of our friends, the enemy, to take their stand on the league of nations as their remedy in readjustment," Representative Fess, chairman of the Republican congressional committee declared in a speech in the house today reviewing the achievements of the first year of President Harding's administration. "Of the result," he added, "there can be no doubt."

"One year ago," Mr. Fess declared, "President Harding found the nation with her relations with many foreign countries strained to almost the breaking point, her fundamental principles under discussion, her historic significance in question, her population surfeited with the profits of war and wild extravagance, her industries inflated and problems of reconstruction complicated and imminent."

Peace Established.

"Today he sees peace again established with all countries foreign relations resumed with honor to ourselves and complete justice to others the finest attitude of the world toward our moral leadership as evidenced in the arms conference, a policy of proper regard for the defenders of the nation's rights, and an administration operating upon the soundest principles of economy with a reduction in our public debt of \$3,700,000 and a three quarter billion dollar reduction in annual taxation."

THE WEATHER

In the estate of John Barber, letters of administration were ordered to issue to Thomas F. and A. J. Barber.
In the estate of Anna Watt, letters of administration were ordered to issue to Albert A. Watt.

This report is one of a series issued by the Children's Bureau with the purpose of furthering discussion and development of juvenile court standards. Scientific work in juvenile courts, it declares, is a natural expression of the modern demand for results, since imprisonment alone does not check crime. Numerous examples of cases are given in which complete scientific study, including that of social environment, aided to change the career of a so-called "born criminal."

While this form of study is not confined to the usual technical limits and while its consideration is recommended to "aid the everyday judgments of any who wish to deal understandingly with juvenile delinquents, it is not to be supposed," Dr. Healy says, that it can be carried out "by anybody except someone with interest and training," and he concludes that if lack of scientific studies impedes progress, more workers must be trained in this field. And if the expense deters from individual studies in the courts, it must be considered that the cost of diagnosis amounts to in the light of the heavy cost of a delinquent career.

CHANGES IN SCHOOL LAW IS NOTED
The present school law makes a change in the time for holding the April election in the county districts. Supt. H. H. Vasconcellos has sent out notice to this effect to the various district clerks. The notice reads as follows:
"The last legislature amended Section 106 of the School Law in such manner that it will be necessary to hold district elections for school directors on the second Saturday in April, instead of the third Saturday, as heretofore. You will receive the usual set of blanks through your township treasurer. The election, in every other respect, can be held as you have done before. The only school election to be held on the third Saturday is for the election of a member of the Non-High School District Board of Education, and if your district is a part of the Non-High School territory, you will receive the blanks for this election in due time."

TWO CHAPIN CHURCH SOCIETIES MET

Ladies Aid of M. P. Church in Regular Session—Pastoral Helpers Met With Mrs. Eilers—Other Chapin News.
Chapin, Mar. 2.—The Ladies Aid Society of the M. P. church held their regular meeting at the home of Mrs. P. H. Ham Wednesday, March 2nd. The afternoon was spent in making flanellette cases for the church silverware. A dainty lunch of sandwiches, salad and coffee was served by the hostess. The next meeting will be with Mrs. O. W. Lough, March 16th.
The Pastoral Helpers of the Christian church held their regular meeting Wednesday afternoon with Mrs. Fred Eilers. There were eighteen answered to roll call by naming home coming birds. At the business session twenty five dollars was voted toward the church electric light bill. They also voted to serve the fathers and sons banquet to be held in the church basement March 16th. During the social hour music and an old fashioned spelling match were enjoyed. Refreshments were served.
E. E. Sides was a business visitor in Jacksonville Thursday.
Mr. and Mrs. Gustav Onken entertained a party of friends Wednesday night. The evening was spent in playing five hundred. Apples and candy were served during the evening.
A party of Woodmen sixteen in number, went to Bluffs Wednesday night to initiate a class at the lodge there.
John Onken and J. F. Burnham left Wednesday night for Grand Rapids, Mich., to be present in a will case to be brought up in the March term of court there.
Miss Helene Markham was hostess to the Household Science club Wednesday afternoon.
Principal Hess expects to join the high school basketball team at the tournament in Jacksonville Saturday morning. He was prevented from being with them Thursday on account of the Lyeum course.

Regulations For Lent In This Diocese

At recent services at the Church of Our Savior Father Formax called attention to the regulations for Lent issued by Bishop Ryan of this diocese. The regulations follow:

First. All the days of Lent, except Sundays, are fasting days of obligation.

Second. A cup of coffee, tea or chocolate, with a cracker, or thin piece of bread, may be taken in the morning, and a collation in the evening.

Third. Custom allows the use of milk, butter, cheese, eggs and fish at the evening collation, and lard and other animal fat used in preparing food.

Fourth. Both flesh and fish may be used at every meal on Sunday, at the principal meal on all other days except Friday, Ash Wednesday, Ember Days and the morning of Holy Saturday.

Fifth. The fasting modifications of the New Code cover also the other fasts of the year. The Lenten fast closes Holy Saturday at noon; Easter time extends from the fourth Sunday of Lent to Trinity Sunday, and the closed times from Ash Wednesday to Easter Sunday inclusive, and from the first Sunday of Advent to Christmas day inclusive.

Sixth. Those who are over twenty-one years of age or over sixty, or whose strength is impaired by debility, sickness or hard labor, are exempt from fasting, and may use meat at all meals on days on which it is allowed. Where there is doubt your confessor should be consulted.

Seventh. By virtue of a special Indult of the Holy See, the use of flesh meat is permitted, until further notice, on all days of the year except Fridays, Ash Wednesday, Holy Saturday morning, and the vigil of Christmas to those who perform hard labor, and to their families.

As to alms and good works, the faithful will find ample opportunity for them, besides other ways, in the collections on the first Sunday of Lent for the Negro and Indian Missions and the Propagation of the Faith, on Good Friday for the Holy Places, and finally, what should especially come home to their hearts, that on Easter day itself for the Seminary.

The clergy are exhorted, in accordance with the wish of the church and the teachings of her councils, to avail themselves of this holy season, in order to impress upon the minds of all the people a deep sense of the sanctity and dignity of the holy sacrament of matrimony, and the evil and ruin wrought to souls by mixed marriages, which the church so much detests and deprecates. For this purpose their attention is directed to No. 133 Conc. Plen. Balt. III, as also to past Instr.

James Ryan, Bishop.

HAVE NEW FARM HOME

Mr. and Mrs. George W. Snyder have taken possession of the Smith farm purchased several months ago, located two miles north of Woodson. For a number of years they have been residents in Franklin precinct. They now own a well improved tract nearer to Jacksonville on a highway which is to be a part of the hard road system of the state.

FORMER RESIDENT HERE

Miss Leona Kehoe, who formerly lived in Jacksonville, is visiting in the city as the guest of Mr. and Mrs. M. Ferry of Ashland avenue. Miss Kehoe now lives in Denver and is on her way home after a trip in the south.

GREAT PICTURES AT STRAWN ART HOME

Exhibit From Metropolitan Museum
Will Be on View This Month—
Free To Public.

During this month, a rare opportunity will be offered lovers of art at the David Strawn Art Home in the form of an exhibition of paintings lent by the Metropolitan Museum of Art, New York City, from its permanent collection, which will be held under the auspices of the Art Association of Jacksonville. The hours will be 2 to 6 and 7 to 9 p. m., Sundays, 7 to 9 p. m.

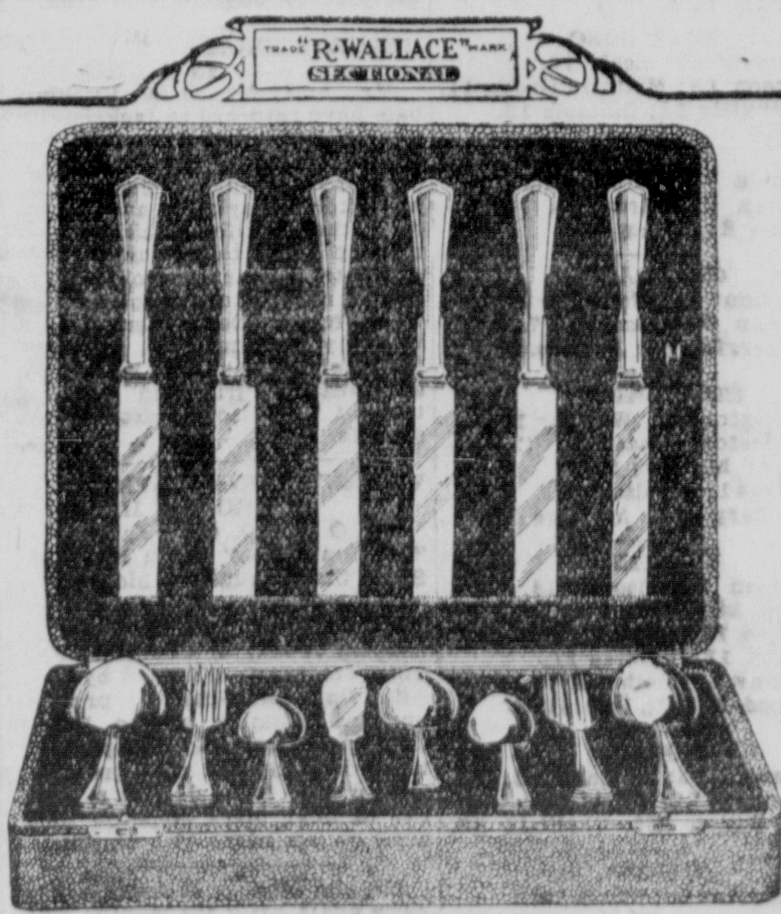

This exhibition is comprehensive in its scope as regards time and nationality. In it a visitor could well follow the progress of art through the past century and up to our contemporary painters. The collection includes a good many genre pictures that won popularity in the days of the last generation. The Belgian painter, Alfred Stevens, of that period, is here represented by "Preparing for the Ball". Frere's "Dressing the Baby" is also on view. One notes in two canvases, Coromes brilliant and polished technique. His contemporary Jean Jacques Henner is marked by the well known "Mary Magdalen", a subject he frequently painted, for aside from the religious motive, it gave the opportunity to combine the red hair, the pale flesh and the deep blue for the painting of which he was noted. Some charming examples of the Barbizon School are found in Daubigny's "Riverside" and Dupre's "Trees" painted in this instance with all the calm loveliness and rich succulent color for which he was known. There is also a characteristic example of one of Detaille's military paintings entitled the "Cavalryman", an historic document in which the details of accoutrement and costume are noted with absolute accuracy. Alphonse Legros' "Edge of the Woods" is a distinguished composition, the lines reminiscent of his dry-point landscapes.

"A Difficult Question" by Gagee is representative of our Early American genre pictures. Frederick Remington's "Charge Across the Plain" is as usual with his canvases, typically American in subject matter and well illustrated. There is a beautiful landscape by Innes with all the dignity of composition and breadth of vision so remarkable in his finest work. Flagg's well known portrait of Mark Twain is here and the famous portrait of Felix Adler, the founder of the Ethical Culture Society, painted by one of America's foremost figure painters, Douglas Volk, is also shown. This portrait, distinguished in line and the quality of its painting, having mass, volume, and form, as well as a rarely sensitive delineation of character, was awarded the Maynard Prize in the National Academy of Design Exhibition, 1915. It is interesting to note that the portraits in the exhibition are all by Americans.

A painter who, because of his great gift, his individual power of expression, can be classed in no time generation but belongs to all is Georges Michel. His painting "The Old Tree" is a noteworthy example of his work. This Frenchman was born in 1763 and died in 1843, but his work seems only to be arriving at full appreciation and eminent collectors are vying with one another in the auction rooms and paying prices high in the thousands when a much coveted landscape of Michel's, full of sensitive beauty and emotional power, is offered to the public.

This exhibition is one of the fifty-eight circulated from coast to coast by the American Federation of Arts in its national work in favor of American art appreciation. These exhibitions cover a long list of subjects from oil paintings and landscape gardening to tapestry, brocades and wall paper.

Make Breakfast More Chummy

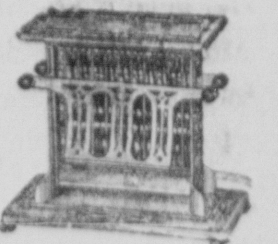

with one of the

New Style Toasters

The new easy-swinging bread rack, opening like a door, allows the breads to be quickly toasted on both sides without being touched by the fingers. Let us demonstrate these new features to you.

Toast that is toasted to the Queen's taste—evenly browned, crisp, crunchy. Served as fast as you can eat it. The "Universal" toasts two slices at a time and in much less time than other toasters. Bread placed in the two side racks is held perfectly flat against upright wires close to the heating unit. Toast made on the "Universal" is neither charred on the edges nor as dry as a chip. It has that appetizing flavor and wholesomeness attained only by quick, even toasting. The "Universal" Toaster is an ornament on the table—a daily convenience for years of use.

MEREDOSIA UPSETS FRANKLIN HIGH SCHOOL

RIVER CITY BOYS TAKE OVERTIME GAME FROM OPPONENTS 18 TO 14

Game Was Hard Fought With the Score Tied and Untied Several Times—Playing of Walsh Features—Bluffs Wins from Bath—White Hall Defeats Ashland 18 to 10

Meredosia high school upset the dope bucket in the district basketball tournament which opened in David Prince gym last night when she defeated Franklin high in an overtime game by a score of 18 to 14.

While Meredosa has been going well this year she had not met the same class of teams that Franklin has faced and a majority of the spectators favored Franklin to win.

It was a see-saw game from start to finish. At the end of the first quarter Meredosa was leading by a score of 6 to 5. At the half Franklin had a four point lead, the score being 12 to 11. At the end of the third quarter Meredosa was again in the lead by one point, the score being 12 to 11 in her favor. Then Franklin tied the score with a free throw.

By hard fighting each team scored a field basket before the whistle ended the regulation period. In the five minute overtime Walsh tossed another field basket. This was ample but before the period ended Hyde tossed another, making it good measure.

None of the teams playing last night did good work at basket-shooting. This was particularly true of White Hall-Ashland game. Each team had easy chances time and again but could not get the ball in the hoop. Toward the close of the game White Hall speeded up and showed some form England getting several baskets in the closing minutes of play.

Winter or Summer, Rain or Shine—

The Cap

is the proper head wear for the six working days of the week. The snappy styles that we are showing appeal instantly to all men of good taste. Come in and see what we have to offer—see how well our opinion of what constitute "good taste" matches up with yours.

The Biggest Thing in Our Business is Service

When we say we're here to serve you we mean more than just looking at your battery, putting in a little water and saying goodbye.

Service, the way we say it, means doing everything we possibly can to see that you get every last mile out of that battery. That's our business!

Never mind if your battery isn't a Willard. We'll look after it just as faithfully as if it were. We want you to know what service at Battery Headquarters is like!

not in good form at shooting the men excelled Bath in this respect. Until the third quarter Bath held Bluffs fairly even the score at that time being 12 to 12 in favor of Bluffs. Then Bluffs sent in some of her first string men who were on the sidelines and they ran the score up to 32 while Bath was making a total of 15.

For the opening night and the fact that Jacksonville did not play there was a large crowd present, every seat being filled and many standing at the ends of the gymnasium. Principal Schafer had planned well to handle the crowd and it was seated without any confusion and the best of order was maintained thruout the evening's play.

COMING TO THE GRAND FROM THE OLYMPIC.

"The Beggar's Opera," written first in 1728, has had many revivals, one of which called for the tenacity of a London theater for two years ending last season. It is now on tour of this country and will come to the Grand Theater for one night only next Monday, following a recent engagement at the Olympic Theater, Chicago. This musical and literary curio has been found to appeal to all tastes. The music is in ballad form and comprises several numbers by Handel, composer of "The Messiah." The London cast was brought to America by J. C. Duff, famous as an impresario of twenty years ago.

White Rock Gasoline and Lubricating Oils and service that you'll like at the Service Station on North Main street, opposite Cherry's Annex.

O'CONNOR GUARD IS FOUND NOT GUILTY. CHICAGO, March 2.—David Strauss, formerly a guard in the Cook county jail, on trial charged with aiding in the escape of Tommy O'Connor, Chicago gunman, from the jail last December, was found not guilty by a jury after deliberations this afternoon.

CIVILIZATION IN AMERICA IS DUE TO PUBLIC SCHOOLS

N. E. A. Opposed to Any Reduction of Teachers' Salaries

CHICAGO, March 2.—Civilization in America is being held together by the public schools against the onslaughts of millions of uneducated south European immigrants, M. G. Clark, of Sioux City, Iowa, declared at a meeting of the National Educational association this afternoon. Mr. Clark declared that the purpose of the present financial distress should not lead American communities into the economic error of reducing teachers' salaries.

Discussing recreation in connection with the high school, W. S. Rees, of Colorado Springs, Colo., declared that the modern step of dancing which he said often was too barbarous must be revised. Many high school principals declared their opposition to secret fraternities.

A study of the entire high school population of our American cities shows that the public high school draws its students chiefly from the more favored social economic classes, the lower grades of labor being almost without representation, George S. Counts of Yale University said.

KIWANIS CLUB IN WEEKLY SESSION

Various Features in Luncheon Program—Address By C. A. Goodale on Insurance.

Cole Y. Rowe was introduced by President Farrell of the Kiwanis club at the luncheon yesterday as chairman of the program committee. Miss Christine Cotner of Illinois Woman's college gave two violin solos with Miss Terhune as accompanist. Miss Cotner, who is but sixteen years of age, has already made an unusual musical record.

Charles Taylor, district governor of Rotary clubs, was one of the guest list, which also included H. L. Caldwell of this city and C. W. Olinger of Franklin. The principal address of the day was by Charles A. Goodale of the Cloverleaf Life & Casualty Co. Mr. Goodale, who has had more than twenty-five years' experience in life insurance department, directs the life department of the Cloverleaf Co. He made a very interesting presentation of the subject.

Mr. Taylor in an informal talk emphasized the fact that the aims, purposes and ideals of Kiwanis and Rotary clubs are identical.

President Farrell called attention to the invitation from the Springfield Kiwanis club to Jacksonville members to attend a banquet at the St. Nicholas hotel next Wednesday evening. At that time the Springfield club will receive its charter and a very interesting program has been prepared.

CARTIUS LODGE IN REGULAR MEETING.

Cartius Lodge No. 625 Rebekahs held an enthusiastic meeting last evening at the lodge hall. Three new applications for membership were received and these with several others will take the initiation at the meeting March 16. Those who made application last evening were Miss Helen Rawlings, Miss Grace E. Williams and George Flinn. The brothers of the lodge were appointed on the social committee to serve for two months. The members are looking forward to some special features as the brothers of this order have always "made good" on previous occasions of this kind.

RETURNS FROM VISIT IN CALIFORNIA

Mr. and Mrs. C. W. Buckingham have returned to Jacksonville after a two months' trip to the western coast. They went from Jacksonville to Los Angeles, Calif., and after a stay there and in several other California cities made the trip north to Portland. They encountered unusually cold weather in a number of the coast cities. Of course residents there said it was very "unusual." Mr. and Mrs. Buckingham went west merely for a vacation trip and had no thought of removing from Jacksonville.

WOMAN'S ORGANIZATION PROTEST HANGING

PALO ALTO, Cal., March 2.—The Housewives' Union No. 1, of Santa Clara county—which sent a message to Governor Small of Illinois today asking him to stop the hanging of Harvey Charles in Chicago tomorrow, is headed by Mrs. Alice Park, anti-hanging proponent and member of the Henry Ford peace party to Europe. The union is composed of a group of women who have made it a practice to wear black crepe on their arms on occasions of a hanging.

Mr. and Mrs. H. C. Jones are at home again after the painful duty of laying the remains of their only daughter Mrs. C. W. Howden in beautiful Riverview cemetery, Louisiana, Mo. Mrs. Howden was formerly a resident of this city.

Edward Brennan of the Pacific hotel has been confined to his room for the past several days by illness.

Mr. and Mrs. R. C. Hufford and daughter, Bettie of Waverly are visiting in the city the guests of Mrs. Hufford's parents, Mr. and Mrs. E. E. Henderson on North Fayette street.

BIRTHS

Mr. and Mrs. C. S. Burdick of this city received the intelligence yesterday stating that a new granddaughter had arrived at the home of Mr. and Mrs. Robert Burdick of Decatur. Mrs. Burdick before her marriage was Miss Mollie Harris of Waverly.

PASSED AWAY AT NASHVILLE

Mrs. C. I. Glenn of Franklin received a message Thursday morning from her daughter, Mrs. F. W. Reuter in St. Louis, telling of the death of Mr. Reuter's mother Mrs. Henry Reuter, at Nashville, Ill. The deceased had been in poor health for a number of months but her last illness was of comparatively short duration. The deceased is survived by three children: Dr. John Reuter, and F. W. Reuter, St. Louis, Mrs. Elmer Ayers of Nashville.

LEAVES FOR CALIFORNIA

Mrs. Fay G. Smith of 867 West State street left last night for Los Angeles, Calif. to visit her brother and will be gone about six weeks. Mrs. Smith's mother, Mrs. Ellen B. Gregory, who has been in California for the winter months, will return with her.

Mrs. L. L. Solomon has returned to her home in White Hall after a visit with her parents, Mr. and Mrs. C. P. Thompson.

JACKSONVILLE SCOUTS TO MEET MONDAY.

Monday evening March 6 all Boy Scouts in Jacksonville will meet at the Chamber of Commerce rooms when they will receive their final instructions and assignments for the making of the survey of all the city in behalf of the Chamber of Commerce. This survey is to determine the number of persons who desire employment and the class of employment preferred.

The Chamber of Commerce is tabulating this information for future reference in presenting the claims of Jacksonville to induce industries to locate here. All the industries have expressed an interest and willingness to carry thru this civic "good turn" successfully and their scout masters urge all the scouts to be present next Monday evening. The time of convening is 7:30.

IS IN SPRINGFIELD.

Miss Edna Bracewell is in Springfield to attend sessions of the Sunday school institute for teachers and officers of the children's division. The sessions will continue for two days, and are held under the auspices of the State Sunday school association. Miss Bracewell was sent as a delegate from the Ebenezer Sunday school.

Boys' 75c Waists, just the kind for school wear, at TOMLINSON'S.

I. C. MOGULS WANT TO PLAY DOKAYS

Going on the assumption that the Dokay Basketball team wants a little action the I. C. Moguls, a fast independent team composed of Illinois College stars of the past season, have organized and take this means of challenging the Dokay team to a basketball game in David Prince gymnasium on one of the following dates March 6, 7, 8, or 9.

Moguls will be picked from the following men: Dale, Hatt, Cully, Jones, Antrobus, Mellon, Capt. McConnell, Frazer, Farrell, Struck and Riess and Roberts.

Not wishing to make a formal challenge and therefore not expecting a newspaper reply we (Mellon, Capt. or Jones Mgr.) will be glad to make arrangements for said game as soon as possible.

New line of School Caps for boys, \$1.00, at TOMLINSON'S.

IS VISITOR IN CITY.

Delmar Bone, formerly an employee of the Farrell State Bank, is here from Vandalia for a few days, visit with friends. He is now a representative of the Mutual Life Insurance company of Illinois and has headquarters at the state capital.

Albert Higgs of Straws Crossing journeyed to the city yesterday.

CHICAGO TRIMMER

NOW AT FLORETH'S

Miss Ferguson, for a number of years trimmer for several of the leading millinery houses in Chicago, also for firms in a number of large cities in this state, has taken a position as head trimmer in the millinery department of Floreth & Co's store.

Mr. Floreth feels that they are very fortunate in securing Miss Ferguson for this position as it as-

ures the firm that their customers will have the benefit of the chic ideas in hats that she will produce and that this, coupled with their low prices, should make their millinery department a desirable place for every woman in Jacksonville and vicinity to buy her spring hat.

Spring stocks are now complete and a full force is at work, and the public is invited to call now if only to "look around."

MISSIONARY SOCIETY OF WOODSON MEETS

Women of Christian Church Met Thursday Afternoon at Home of Mrs. Mollie Fitzsimmons—Other Woodson News.

Woodson, March 2.—The Missionary society of the Christian church met Thursday afternoon at the home of Mrs. Mollie Fitzsimmons. Mrs. L. P. Fisher was the leader of the afternoon and the topic was "Mission Fields Around the World, or A Circle of the Globe." The following program was carried out:

Song—Society.
Scripture Lesson—Mrs. Fisher.
Prayer—Rev. I. H. Fuller.
Special music—Mrs. Harry Smith.
Mrs. Edward Gallagher.
Paper, "George Grenfell"—Mrs. Emma Self.

Paper, "The Bantu Tribes"—Mrs. Emma Taylor.
Paper, "The Disciples of Christ on the Congo"—Mrs. Howard Henry.
Roll call—Some facts about Mission Stations.

At the close of the program came a very delightful social hour, and at this time the hostess served excellent refreshments.

News Notes

Clifford Smith of Jacksonville spent Wednesday in Woodson.

James Hitch has been employed as clerk in the L. A. Fitzsimmons store here.

Mrs. L. P. Fisher has returned from Ashland, where she has been nursing her mother and father. Both of them have been seriously ill.

The monthly Christian Endeavor social of the Christian church has been postponed indefinitely from Friday evening. This has been done because of so much sickness in the community.

Next Sunday morning at the Christian church, the pastor Rev. I. H. Fuller, will preach on the subject "God's Call to Service." His subject in the evening will be "Reaping What We Sow."

Mr. and Mrs. Floyd Fitzsimmons

CENTRAL EXAMS IN COUNTY SCHOOLS TODAY

Tests to Be Held Today in Schools of County—Final Examinations Scheduled for April 7.

There will be a central examination held today at every school in Morgan county, and thus no pupil will be required to go to another school for the examination. A minimum grade of 65 per cent and an average of 75 per cent are required in the central eighth grade examination.

The date of the final examination is Friday, April 7, and will be held at fourteen schools in the county, the schools and teachers in charge being listed below:

Appalonia—May Miller.
Nortonville—Esther Seymour.
Alexander—Margaret Duffner.
Prentice—Paul B. Scott.
Science Hill—Mary J. Buchanan.
Pleasant Grove—Mae Cooper.
Hebron—Gertrude Schy.
Clayton—Point—Blanche Harney.
Woodson—J. C. Cotton.

Enterprise—Claude H. Cully.
Lynnville—Shirley McKean.
Concord—Virginia Entrikin.
Sycamore—Ina Mayes.
South Jacksonville—Barley Jones.

The following notice with reference to the final examination has been sent out by County Superintendent of Schools Vasconcellos:

"The date of the final examination this year is Friday, April 7th, beginning at 9 o'clock. The plan to be followed is the same as that of last year, where pupils can attend any one of the fourteen places in the county, most convenient for such pupils, and where teachers will be in charge to conduct the examination."

"The examination will be held at all points at the same time and the same questions and rules will apply at all places. On completion of the examination, all the manuscripts should be immediately returned to the county superintendent, who will grade the papers and rank the pupils."

"Pupils attending the final examination will be supplied with all material for the work except pencils. They should also provide themselves with their noonday luncheon."

"Teachers in charge of the final examination should see that all rules pertaining to order, communication, etc., are impartially enforced. The teachers and spectators should not be permitted to pass around and among the pupils who are writing, inspect their work, converse with them, or offer suggestions. All questions by pupils should be directed to the teacher in charge, who will give the necessary information or direct some other teacher to do so."

"Only such pupils are to take the final examination as have successfully passed the Central Examination. For passing, the following grades are required:—An average of 75 per cent, with a minimum of 65 per cent. Subjects will be graded on the basis of 100 per cent."

"Pupils should have choice of any five where seven questions are submitted. Credit will be given only on the first five answered."

GET YOUR FREE

\$1.00 PACKAGE OF GENUINE YEAST VITAMINE TABLETS from your druggist today.

IF YOU ARE THIN AND EMACIATED AND WISH SOMETHING TO HELP YOU PUT ON FLESH AND INCREASE YOUR WEIGHT.

Yeast Vitamine tablets should be used in connection with organic Nuxated iron. Without organic iron, both food and Vitamines are absolutely useless, as your body cannot change inert, lifeless food into living cells and tissue unless you have plenty of organic iron in your blood. Organic iron takes up oxygen from your lungs. This oxygenated organic iron unites with your digested food and it is absorbed into your blood just like fire unites with coal or wood, and so doing it creates tremendous power and energy. Without organic iron your blood your food merely passes through your body without doing you any good.

Arrangements have been made with the druggists of this city to give every reader of this paper a large \$1.00 package of Genuine Yeast Vitamine Tablets absolutely free with every purchase of a bottle of Nuxated Iron.

Fashionable New Suits Late Spring Models

WE call attention at this time to our fascinating display of Spring's newest Suits. It presents the new box, ripple, tailored and semi-tailored creations with trimmings of self-straps, stitching and embroidery. Truly remarkable values at

\$24.75 to \$34.75

The workmanship, tailoring and quality of the materials in these charming Suits are of that character customarily found in garments priced much higher. We are particularly fortunate in being able to provide these extraordinary values and are confident they will be eagerly welcomed.

All Late New York Styles

Chic Coats for Spring Smart, Serviceable Fabrics

VELOURS, Polaire Cloth, Chinchillas and Bolivias in the newest sport effects as well as for street wear. In tans and the colorful sport shades. The fashionable materials make these new Spring Coats highly desirable at

\$9.90 to \$24.75

They have belted or loose back, some trimmed with straps, stitching or buttons, new pocket effects, etc. Either lined throughout, half lined or unlined. Lengths 36 to 45 inches. The high character of workmanship in these Coats make them particularly attractive and serviceable.

All Late New York Styles

Stylish Spring Dresses Latest Authoritative Models

THERE is an air of refinement to the new Dresses for Spring we now have on display which add materially to their winsomeness. The crisp rustling Taffetas and charming, Canton Crepes are deservedly popular at

\$14.75 to \$34.75

The Spring models chiefly feature the fashionable new effects in neck lines, sleeves, trimmings, and the combinations of colors are particularly bewitching. The styles are refreshingly different, and the values are undoubtedly of a kind that will quickly instill confidence.

FINAL FILINGS MADE FOR COUNTY OFFICES

Twenty Three Names Will Appear on County Ticket in April Primary—Some Candidates Without Opposition.

The list of candidates for county officers in the April primary closed yesterday. The last petitions filed were those of Charles W. Boston, who is Democratic candidate for nomination for the office of sheriff, and J. Chester Colton, who is Republican candidate for nomination for superintendent of schools. Mr. Colton's announcement was made several days ago.

There have been rumors for several weeks that Mr. Boston would be a candidate for a county office, but his petition was not filed until late Thursday afternoon. Mr. Boston since his retirement from office of circuit clerk has been in charge of the new business department of the Farrel State Bank. He will shortly resign that position in order to proceed with his campaign.

County Clerk Riggs stated yesterday that names of candidates will appear upon the ballot in the numerical order in which they were filed in his office. The names to appear will be as follows:

Republican Ticket.
FOR SHERIFF:
Charles S. Black,
Harley Adams,
George A. Wheeler,
C. E. Clampt,
FOR COUNTY CLERK:
Lee Stice,
George L. Riggs,
FOR COUNTY JUDGE:
Hugh P. Green,
Paul Samuel,
ASSESSOR AND TREASURER:
Harry Norris,
Olin McLamar,
J. D. McLean,
SUPERINTENDENT SCHOOLS:
J. Chester Colton,
FOR COMMISSIONER:
G. A. Dunlap,
L. L. Switzer,
MEMBER SENATORIAL COM:
J. Marshall Miller.

Democratic Ticket.
FOR SHERIFF:
John T. Roach,
Oyer Wright,
Charles W. Boston,
FOR COUNTY CLERK:
C. A. Boruff,
ASSESSOR AND TREASURER:
W. H. Weatherford,
FOR COUNTY JUDGE:
D. J. Staley,
SUPERINTENDENT SCHOOLS:
H. H. Vasconcellos,
FOR COMMISSIONER:
William Cleary.
Not for many years in a primary contest for regular county officers has there been such a limited number of candidates. As a result there will be no contests for several of the offices.

Have you seen those J. Capps & Sons \$25.00 100% pure wool Suits at TOMLINSON'S.

BROOKLYN OFFICIAL BOARD MEETING
The regular monthly meeting of the Brooklyn Church Official Board will be held Friday evening, March 4, at 7:20 o'clock at the residence of Mrs. Mary Glenn, 928 E. Main St. A lunch will be served and Miss Nellie Glenn and C. W. Randle will be host and hostess, important business.

CLUBS AND SOCIETY

Fortnightly Club
At Palmer House.

Mrs. J. A. Palmer entertained the members of the Fortnightly club yesterday afternoon at her home on Caldwell street. The paper of the day was given by Mrs. Palmer on "The Americanization of Edward Bok." A review of the well known book was given and Miss Jennie Grassley read a number of extracts from the autobiography. The afternoon closed with a pleasant social hour.

I. W. C. Girls Enjoy Bob Ride.

The girls of the Junior class at Illinois Woman's College enjoyed a bob ride Wednesday evening. There were two sled loads and the evening was gayly spent in riding. The party stopped at Batz Cafe after the ride and had supper. Miss McLaughlin, the Junior class advisor, chaperoned the party and Miss Helen Gowdy, president of the class, was in charge of the arrangements.

Centenary Ladies Met at Weatherford Home.

The Ladies' Aid society of Centenary church held a social meeting yesterday afternoon at the home of Mrs. W. H. Weatherford on South Main street. The event was the March birthday social and the ladies whose birthday occur in this month were the hostesses. They were, Mrs. James P. Weber, Mrs. Julia Goodrick, Mrs. C. L. Kechner, Mrs. Frank Kitcher, Mrs. J. M. Deatherage, Mrs. Alexander Patterson, Mrs. Hosland, Mrs. Mary Couch, Mrs. Becker and Miss Becker.

The afternoon was spent with conversation and in sewing on linens for Passavant hospital. A number of amusing contests and games had been planned by the hostesses and these helped to fill a pleasant afternoon. Attractive refreshments were served in the course of the afternoon.

Entertain Friends.

Miss Velma Behrman entertained a number of friends Wednesday evening at her home on West North street. A pleasant evening was spent with music and dancing and at a late hour the hostess served attractive refreshments.

Entertain at Dinner.

Mr. and Mrs. E. A. Litter entertained a number of guests at 6 o'clock dinner last evening at their home on North Church street. A delicious menu was served and the affair proved a most delightful function in every respect. The guest list included Mr. and Mrs. E. J. Henderson, Mrs. J. B. Brown and daughter and Mrs. Mary Springer.

Hostess to Club.

Mrs. J. J. Reeve entertained the members of the South Diamond Club yesterday afternoon in her apartments at the Cherry flats. There were about fourteen ladies present and the afternoon was delightfully spent in an informal social way. Some of the time was spent in sewing on dresser scarfs and table runners for the Oak Lawn Tuberculosis Sanitarium. A delicious lunch was served at the close of the afternoon.

Sinclair Country Club Met Wednesday.

The Sinclair Country club met Wednesday at the home of Mrs. Kate Emmett Brown. There were a few absent on account of inclement weather. Mrs. Armstrong and Mrs. Lewis were guests. Mrs. N. J. Fox read an excellent paper on "Our Gil Supply". Excellent refreshments were served. The next meeting will be held at the home of Mrs. Charles Curtis March 15.

Missionary Society Held Meeting.

The Women's Foreign Missionary society of Wesley Chapel met Thursday with Mrs. Weir Ranson. The assistant hostesses were Mrs. Frank Ranson and Mrs. Will Herring. There was a good attendance of members and several guests present. Mrs. Tendick, president of the society, opened the meeting with a scripture reading, and the Rev. Brewster led in prayer. Several interesting letters were read, special mention being made of one from Miss Kate Blackburn, resident in Bulgaria, in which she expressed her thanks for the gifts sent by the society at Christmas time.

There was one new member taken into the society. It was decided that the society should help the two union colleges toward obtaining the Rockefeller gift.

Following the business session there were several solos and readings. Refreshments were served and a social hour enjoyed. The offering totalled \$13.71.

Ladies' Silk and Wool Hose, \$1.25. TOM DUFFNER'S.

DEAN ANTROBUS WAS VISITOR

Dean Antrobus was a visitor here yesterday, enroute to his home in Chapin for a 9 day visit. Mr. Antrobus is an inspector of materials for the state and spends most of his time in Joliet and Springfield. He was formerly a student at Illinois college and is well known in this city.

Our Millinery is of the latest style and of highest quality.
Florenz's West Side D.G. Co.

Mrs. R. P. Joy has her home, 867 West Street, an extended visit to Chicago.

SWIMMING POOL IS PARK BOARD PLAN

Will be Constructed This Year—Other Betterments in Prospect—Good Financial Showing.

A swimming pool—and a big one—will be one of the main improvements to be made at Nichols park this year. Such was the important announcement made after a meeting of the park board held last night. Mrs. A. Wehl, Mrs. George Hollinger, T. J. Brennan and A. C. Metcalf were present at the session at which plans for the year were considered and the report of the secretary-treasurer was received.

The location of the swimming pool has not been determined but it will no doubt be at Nichols park, and the plan is to have it at least 100 feet in length, with sloping concrete bottom in order to accommodate the bathers of different ages. Members of the board will soon go to St. Louis to inspect the swimming pools at Forest park and the fair grounds. These pools are considered models and they can be inspected at this season of the year with special advantage.

The pool will be so constructed that it can be frequently drained and the water entering it will be sterilized. It is the intention to have the pool in charge of a guard and instructor and following the plan in vogue in other cities a small fee will be charged the bathers.

According to the plan this year the money received from the park dances will be used in the swimming pool fund. It is interesting to note that the financial affairs of the board have been so handled the past year that all bills can be met without anticipating upon the tax money of the present year. This is the best financial showing that the board has made. Some money remains in the treasury from last year's taxes, and this sum with the amount to be received in 1922 has all been appropriated to different departments of work.

Of the amount \$5,000 has been set aside for Manvaisterre park and the greater part of this will be spent in the building of drive-ways.

Better policing of the park was one of the matters discussed and something definite in this line will be done this season. Various lines of improvement have been planned, and it is not too much to expect that the excellent results already accomplished by the board will be exceeded.

RIDGLEY ENCAMPMENT WILL HAVE BIG TIME

Local Lodge Will Give Eighteen Candidates the Patrial Degree.

Ridgley Encampment No. 9, I. O. O. F., will hold a big installation tonight. Eighteen candidates will take the Patriarchal degree and Mercedesia will send eight candidates and Temple Encampment No. 19 will send five candidates.

After the installation of these candidates there will be instituted an order of cantonment at which the officers of the Grand Lodge will be present. Grand Scribe Horn, Sam Baker and C. G. Weber, representatives of the Grand Lodge will officiate at the installation of the cantonment. The cantonment will start with a membership of thirty-five.

Those who made application for the degree, staff officers are: William Roberts, 3 W.; Edward Boston, 4 W.; James Dier, 1 G.; John McGlothlin, Guide; Charles W. Bieber, A. C. Baldwin and Fred Crabtree.

After the installation a banquet will be served the members and the committee on preparation for the banquet is: C. H. Goodey, Bieber, A. C. Baldwin, and Fred Crabtree.

ANOTHER SHIPMENT OF EASTERN PATTERN HATS JUST RECEIVED AT HERMAN'S.

TOWEL SHOWER FOR LITERBERRY CHURCH

The members of the Ladies Aid society of the Literberry Christian church met Thursday afternoon at the home of Mrs. L. H. Maul. It was the regular monthly meeting of the society, and was also a tea towel for the church. Each member came with two towels and hemmed them during the afternoon. The president, Mrs. Frank Ogden, presided and the chairman of the program committee was Mrs. Fred Henderson. A number of games were enjoyed and a general good time had during the afternoon. Refreshments of a very acceptable kind were served.

New line of school caps for boys, \$1.00, at TOMLINSON'S.

LITERBERRY BAPTIST AID SOCIETY MEETS

Mrs. J. A. Litter was hostess Thursday afternoon to members of the Ladies Aid society of the Literberry Baptist church. Mrs. John Guy, the president had arranged that each member should come prepared to talk for one minute on some current event. A general discussion followed these brief but interesting remarks. A business session was followed by a social hour. The hostess served delicious refreshment before the guests departed.

Extra value Ladies' Hosiery—proof Silk Hose for \$1.00, Saturday only. TOM DUFFNER'S.

BUILDING A BUSINESS

We have built our business reputation on the concrete foundation of quality and value. Both are necessary for a successful business.

Young men attending high school are most critical and discriminating in their tastes—More so than any time in their lifetime—That's why so many come here for new clothes ideas—They know.

Right now they'll find all the new and wanted ideas in Spring Clothes Hats and Furnishings.

I. C. ALUMNI PAPER MAY BE ESTABLISHED

Committee Takes Favorable Action and Will Make Recommendations to Association.

A movement has been started among the alumni of Illinois College for the establishment of an alumni periodical. The alumni of many colleges and universities of the country publish such a paper and a considerable group of alumni of "Old Illinois" have felt for some time that a similar paper should be established on the hill. Reference was made to the project at the reunion of one of the literary societies last June and many of the old alumni, who were back for the reunion, expressed approval of the idea. The matter was also mentioned at the semi-annual meeting of the trustees of the college, held last December, and as a result of the discussion at the meeting, the Board appointed a committee. Walter Bellatti '05, William G. Goble '03, and C. H. Rammelkamp, to confer with a committee representing the Alumni Association, the Alumni Fund Association and the faculty.

This committee consisting of the men just mentioned, and A. T. Capps '85, and Arthur D. Banks '06, representing the Alumni Association; Ralph I. Dunlap '03 representing the Alumni Fund Association; and J. G. Ames and W. T. Harmon, representing the faculty, met at the home of Mr. Bellatti Wednesday evening. After very thorough consideration of the project this committee came to the conclusion that it would be a wise and timely policy to establish an alumni paper in connection with the college. It was voted to refer the matter to the general Alumni Association of the college with the further recommendation that, if such a paper is established, it ought to be published under the general auspices of the Alumni Association.

The committee also discussed the question of how such an enterprise should be financed—whether the paper should be published on a subscription plan or whether a guarantee fund should be secured and the paper sent free to all alumni and former students. The sentiment of the committee seemed to be in favor of the subscription plan with some provision for taking care of a possible deficit by the co-operation of the college trustees and the Alumni Fund Association. These are details which will have to be worked out later. In the meantime, an expression of opinion on the project is to be invited from prominent alumni in various parts of the country. Mr. Walter Bellatti, the chairman of the temporary committee, will gladly welcome any expressions of opinion from a alumni and former students.

MADE ONLY AT MERRIGAN'S

GREENE COUNTY MAN DIES SUDDENLY

White Hall, March 2.—The remains of William Caverlier were brought up the Illinois river by boat this afternoon, leaving Alton at 1 o'clock, and were taken to Hardin, where the funeral and burial will take place. The deceased was a son of August Caverlier, of Hardin. He came to Greene county February 1st, and two weeks ago he and Miss Sophia Lovelace, residing north of Patterson, Greene county, were married, and the couple had made their home with the bride's father, Elam Lovelace, the groom having employment in the Smith orchard. On Monday last he was taken suddenly ill, and was rushed to a hospital at Alton for an operation, where he died at 8 o'clock Tuesday evening. He was 27 years of age, and was a member of the M. W. A. order.

WIFE DOING GOOD WORK.

"I have been bad off with stomach and liver trouble and bloating for many years. No doctors or medicine helped me. On the advice of my druggist, I bought a bottle of Mayr's Wonderful Remedy and I don't want to miss a single dose. It has given me more benefit than all the medicine I have ever taken. I feel I am doing good to recommend it to others." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

Those Beautiful Cameos

There is a rare charm about the genuine cameo that in its enduring quality ranks with the pearl—a sentiment that has held from the earliest history of gems and, like the pearl, the cameo always is in style, appropriate for almost every occasion where jewels may be worn. The superb cutting and delicate shadings obtained in the cameo make them much to be desired—whether in the form of a ring, brooch or pin, for men or women; and their reasonable price make them especially suitable as gifts.

WILL BE MARRIED ON STAGE TONIGHT

Wedding bells will really ring at the Grand opera house this evening when Miss Helen DeSilva and Paul Workman are married on the stage after the regular performance of the company showing at the theatre this week. Mr. Workman is a member of the Osborne company and the he and Miss DeSilva were married Sunday by a justice of the peace, it is their wish to be married by a minister tonight. Rev. W. E. Spoutz, pastor of the Northminster church will perform the ceremony.

Mr. Workman is from St. Joseph, Mo., and his bride is well known in Jacksonville having made her home here all her life. At the ceremony tonight Miss Ruth Cury will be the maid of honor and Tom Meredith will act as best man. The other members of the bridal party will be the bridesmaids will be, Miss Audrey Kimball, Mrs. Tom Meredith, Miss Jean Scott, Mrs. Jack Shackleton, and Mrs. J. Kimball. The groomsmen will be Herman Kimball, Le Roy Osborne, Jack Shackleton, and Joel Kimball.

Music for the ceremony will be furnished by the orchestra and the wedding march from Lohengrin will be played. After the ceremony the bride and groom and members of the wedding party will be guests at a bridal dinner given by Mrs. Bess Woods.

We Settle Our Claims AND SOMETIMES MAKE MISTAKES

Read the following letter from the Columbian National Life Insurance Company and you will understand why you can depend upon our policies:

Boston, Mass., Feb. 17, 1922.

Messrs Spink, Strawn & Spink, Managers, Jacksonville, Illinois.

Gentlemen: RE Claim No. 36237—C. H. Joesting.

Replying to yours of Feb. 14th, you have apparently overlooked the fact that this is an Increasing Income policy and the weekly indemnity is \$10.00 instead of \$5.00. You can, therefore, issue another draft for an additional \$15.00 as, of course, it is our intention to pay exactly what a policy calls for.

Very truly yours,

COLUMBIAN NATIONAL LIFE,
Henry B. Fowler,
Claim Examiner.

A good accident and health policy is a source of satisfaction, especially when the flu is bad. A telephone call will bring you the information you want.

MANAGERS FOR CENTRAL ILLINOIS

COLUMBIAN NATIONAL LIFE INSURANCE COMPANY

Fordson Service

It has been said that promises are easy to make. That is only too true in this old world of ours, but we guarantee to keep every promise made and have been in business long enough to be able to name a legion of customers who will gladly back up our assertions—that we provide a real and actual service for Ford and Fordson owners, and without unnecessary delay.

We give you the work of Eight Mules for the price of Two

HOW?

By selling you a "Fordson," the world's greatest power-farming invention

—You save the cost of six mules, their feed, care, cost of handling; do your work quick, easier and, consequently, effect a big saving there also.

Tractor \$425, Delivered

The Fordson Tractor, and What We Will Do

First, here is the one farm tractor that has practical service behind it. A tractor without prompt, efficient service behind it cannot deliver its full value to its owner. There is but one model of the Fordson, and that a perfect one. Henry Ford specialized. He made one tractor and made that one well. This means lower manufacturing cost and a lower selling price for tractor parts.

Second, give us these two tests.

Come to our station on West State street, in Jacksonville, look over the Fordson and name any five parts of it you choose; we will take you to the store room and show you those parts in stock. That means prompt service when you need it.

Then step to the phone and call up any of our customers and ask how long it takes us to get on the job when asked for service.

Some of Those Who Asked for Service Just Ask Them if They Got it and How Quickly

Cecil Wegehof, Concord
John Willett, Alexander
H. M. Berryman, Franklin
John Stice, Prentice

Harry Craig, Woodson
Gus. Vallery, Arenzville
Theo. Lacey, R. 6, Jacksonville
Jeff Cleary, R. 7, Jacksonville

What About Cars?

Ford Coupe . \$638

Ford Sedan . \$706

Ford Roadster . \$367

Ford Touring . \$470

And the Ford Ton Truck, \$475

These prices are "delivered," and the same statements that we have made as to service for Fordson owners apply equally to car and truck owners. It pays to buy where prompt, actual service is assured.

BLACK FUNERAL IS
HELD AT MEREDOSIARemains of Late William P. Black
Laid to Rest Wednesday Afternoon.

Meredosia, Marc 2.—Funeral services for the late William P. Black were held at 2:30 o'clock Wednesday afternoon at the family home here. The services were in charge of Rev. G. W. Holmes. A male quartet composed of H. A. Naylor, C. O. Summers, W. A. Schmitt and C. W. Guthrie furnished the music.

The casket bearers were, Henry Hinners, T. J. Unland, William Hyatt, Samuel Kuhlman, John Yoekel, L. F. Berger. Interment was made in Oakland cemetery.

William Pierson Black was born April 10, 1835, in the state of Indiana. When quite young the parents moved to Missouri and soon after they both died. He then made his home for a time with an uncle and when very young faced the world for himself. Mr. Black was united in marriage to Mrs. Margaret Tease at Clayton, Ill., in 1869, three daughters blessed this union, one of whom preceded the father in death. Mr. Black had been a man of rugged health in his youth but for a number of years has been in failing health. He had been confined to his bed about 4 weeks when death came quietly Feb. 27, 1922, at 8:30 a. m. Loving hands ministered to him, but his ailments were beyond medical skill.

Mr. Black had sojourned here almost 87 years. 45 years of this time has been spent in Meredosia.

The deceased is survived by his wife, Mrs. Margaret Black and two daughters, Mrs. Albert Butcher and Mrs. L. H. Yost and six grandchildren, Harry Ardele, Charles and Carolyn Yost, Willie Butcher, all of this place, and Mrs. Roland Crum of Beardstown; also a host of friends and acquaintances who mourn his departure.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

Sheriff and Ex-Officio
Collector

OBITUARY.

Nellie Ferguson was born in Pike county, Feb. 16, 1878. At an early age her parents came to Naples, Ill. Here on Nov. 4, 1894, at the age of 17 she was united in marriage to Joseph A. Blair of Meredosia, who died several years later.

Three children were born to this union. In 1905 Mrs. Blair was united in marriage to Newton Floyd of Meredosia and six children were born to this union. Mrs. Floyd has enjoyed good

NOTICE

is hereby given to all persons interested that the City Council of the City of Jacksonville, Illinois, having ordered that a local improvement, consisting of a street pavement, be constructed on East Morton Avenue in said City, from the east curb line of South Hardin Avenue, running thence east along said avenue for a distance of 1,000 feet, which said pavement shall be constructed in accordance with the plans, plats and profiles on file in the office of the City Clerk of said City, and which said improvement shall consist of concrete pavement eight inches in thickness at the center, and six inches on the sides and on each side of said pavement for a distance of four hundred and fifty feet from the east curb line of South Hardin Avenue there shall be constructed a concrete curbing, all of which is further shown and more particularly described in the plans, profiles and specifications for said work, on file in the office of the City Clerk of said City, to which reference is hereby made, the ordinance for the same being on file in the office of the City Clerk of said City, and also made a part of the petition in this proceeding, and said City of Jacksonville, Illinois, having applied to the County Court of Morgan County, Illinois, for an assessment of the cost of said improvement, according to benefits, said assessment being payable in ten installments, each bearing interest at the rate of six percent per annum, an assessment therefore having been made and returned to said court, the final hearing thereon will be had on the 20th day of March, A. D. 1922, at the hour of ten o'clock A. M., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said date, and may appear at the hearing and make their defense.

Dated at Jacksonville, Illinois, February 23, A. D. 1922.

MARCUS A. HULETT,
Appointed to make said assessment.

health until her last illness, which in spite of medical aid proved to be fatal. She had suffered intensely while sick in her own home and after removal to the Passavant hospital in Jacksonville, she passed away, Feb. 22, 1922, at 9 p. m. Her husband and eldest daughter were with her when the end came. Mrs. Floyd told the loved ones present that she was prepared to meet the Lord.

Those who survive are her husband, Newton Floyd, three sons, Ernest Blair, of Alton, Ill. Henry Blair, Sannie Floyd, at home, and five daughters, Mrs. Wm. Lent of Vermont, Ill.; Emma Isabel, Myrtle, Viola and Josephine at home. One little daughter, Alberta preceded her mother in death and Bernice, the little bit of sunshine that came into the world for a short time, soon followed her mother.

The father and mother, Mr. and Mrs. Allen Ferguson, of Naples, also a sister, Mrs. Wm. Haden of Havana, survive besides a host of friends and relatives remain to mourn the loss of the deceased.

Funeral services were held at the M. E. church, Sunday, Feb. 26

at 2:30, conducted by G. W. Holmes. Music was furnished by a quartet composed of A. G. Pond, Mrs. T. W. Burdick, Mrs. J. L. McLain and J. A. Hildebrand with Mrs. Blanche Pond at the piano.

The flowers were cared for by Annabel Hyde, Vera Hale, Frances Barnett and Irma Barnett. The casketbearers were, C. O. Summers, D. F. Yeck, S. J. Barnett, Frank Price, Samuel Kuhlman and Wm. Winty. Interment in Oakland cemetery.

ELLIOTT STATE BANK
All deposits made in our Savings Department during the first ten days of March will draw interest from the first of the month.

HERE FOR VISIT

Miss Margaret Mitchell of Summit, New Jersey, arrived in the city Thursday morning for a visit of a number of weeks at the home of her aunt, Miss Grace Carter on West State street. Her mother, Mrs. Arthur Mitchell, expects to join Miss Mitchell here soon.

MEETINGS AT FARM
BUREAU SATURDAY

The executive committee of the Farm Bureau Association will meet Saturday at 10 o'clock in the morning. The township chairmen are invited to be present at this session.

The Poland China Breeders' Association will meet Saturday at the Farm Bureau office at 1 o'clock in the afternoon. This will be an important meeting as officers will be elected.

The ladies interested in the produce exchange project will meet Saturday afternoon at 2 o'clock in the Farm Bureau office to arrange the details for the establishment of a bureau for the marketing of farm produce.

NOTICE

Plenty of choice Mississippi river fish for Lent, at the quality fish market, corner Economy store, West State street.
JOHN TUNIS, Prop.

The South Side Circle will be guests of Mrs. Tom H. Buckthorpe at a theatre party at the Rialto this afternoon at 2 o'clock.

PAVING ORDINANCE

OFFICIAL Publication of the Ordinance providing for a pavement on West College Avenue, to be known as "West College Avenue Paving Improvement No. 2," together with the recommendation of the Board of Local Improvements that the same be passed and an estimate of the cost of the proposed improvement.

RECOMMENDATION OF THE BOARD OF LOCAL IMPROVEMENTS

Jacksonville, Illinois, February 27, 1922. To The Mayor and City Council of the City of Jacksonville, Illinois: Gentlemen:—

The Board of Local Improvements herewith transmits to your honorable body a draft of an Ordinance entitled: "An Ordinance, Prepared and Transmitted and its passage recommended by the Board of Local Improvements of the City of Jacksonville, Illinois, to the City Council of said City, providing for the Local Improvement of West College Avenue, from the West Curb line of South Sandy Street, running thence West along said Avenue to the intersection of the West City Limits with said West College Avenue, and also, the roadway of all intersecting streets and alleys lying within said portion of said Avenue, and not included in the roadway thereof, by Excavating, Grading, Curbing and Paving; said improvement to be known and designated as West College Avenue Paving Improvement No. 2."

Said Board of Local Improvements hereby recommends to your Honorable Body the making of said improvement, the extent, nature, character, locality and description of which is set forth in said draft of an Ordinance herewith transmitted, and also recommends to your Honorable Body the passage of said Ordinance.

The Board of Local Improvements also herewith transmits to your Honorable Body the estimate of the cost of said improvement as finally determined upon by the Board of Local Improvements, provided for in said draft of an Ordinance herewith transmitted.

E. E. CRABTREE,
PERRY J. WHITE,
E. M. HENDERSON,
Board of Local Improvements
City of Jacksonville, Ill.

AN ORDINANCE

Prepared and transmitted and its passage recommended by the Board of Local Improvements of the City of Jacksonville, Illinois, to the City Council of said City, providing for the Local Improvement of West College Avenue, from the West Curb line of South Sandy Street, running thence West along said Avenue to the intersection of the West City Limits with said West College Avenue, and also, the roadway of all intersecting streets and alleys lying within said portion of said Avenue, and not included in the roadway thereof, by Excavating, Grading, Curbing and Paving; said improvement to be known and designated as West College Avenue Paving Improvement No. 2.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF JACKSONVILLE, ILLINOIS:—

SECTION 1.—That a Local Improvement shall be made within

the City of Jacksonville, Illinois, the nature, character, locality and description of which said improvement is as follows, to-wit: That the roadway of West College Avenue from the West Curb line of South Sandy Street, running thence West along said Avenue to the intersection of the West City Limits with said West College Avenue, and also, the roadway of all intersecting streets and alleys lying within said portion of said Avenue and not included in the roadway thereof, be and the same is ordered improved by excavating, grading, curbing and paving as follows:

Barriades.

All necessary guards or barriades shall be erected and maintained by the Contractor who hereby agrees to hold the City harmless from all claims for damages resulting from the obstruction of streets or through any neglect on the part of the Contractor or his agents employed, either in failing to keep guards, barriades and lights, or otherwise.

Barriades shall be erected by the Contractor by erecting posts and securely nailing thereon 1"x6" fence planks or by heavy timbers.

Street Grades.

The grade of the finished roadway herein provided to be paved, and the grade of the top of the curb herein specified, when set in place, shall be as shown on Plans and Profiles hereto attached, at points indicated by figures denoting the elevation of the grade in feet and decimal parts thereof, which refer and relate to the Datum Plane hereinafter described, and shall be regular straight ascending or descending lines, as the case may be, between the said grade points indicated.

The curvature of the surface of the roadway when completed, shall conform to that of a parabola.

The Datum Plane hereinafter mentioned, is a horizontal plane passing through the City Bench Mark established on the iron sill in the Northeast corner of the brick building known as the Strawn Building located at the Southwest corner of South Main Street and the Public Square in the City of Jacksonville, Illinois. The elevation of said Bench Mark is 613.82 feet, Memphis Datum.

Location.

The roadway of the West College Avenue, from the West Curb line of South Sandy Street, running thence West along said Avenue, to the intersection of the West City Limits with said West College Avenue, and also, the roadway of all intersecting streets and alleys lying within said portion of said Avenue and not included in the roadway thereof, except the Right of Way of the Jacksonville Railway Company, being that portion of said Avenue now used and occupied and commonly known as the Right of Way of the Jacksonville Railway Company, between it's Rails and for a distance of 12 inches on the outside of the Rails, is ordered to be improved as follows:

The width of the roadways, hereinafter mentioned and hereinafter provided to be improved, shall be of the width as shown on Plans and Profiles hereto attached.

Combined Curb and Gutter.

Combined Curb and Gutter shall be constructed on both sides of the roadway herein provided to be paved, except across the roadway of the streets and alley intersections.

The finished dimensions of the Curb portion of the Combined Curb and Gutter shall be six (6) inches thick and thirteen (13) inches in depth, the top of the Curb shall be seven (7) inches above the top of the Gutter. The Gutter portion shall be eighteen (18) inches wide and six (6) inches in depth.

The combined Curb and Gutter shall be constructed in two Courses; a Base Course five (5) inches thick and a Finished Course one (1) inch thick. The Finishing Course shall extend over the entire surface of the gutter and face and top of the Curbing.

The space to be occupied by the Combined Curb and Gutter shall be brought to Sub-grade by removing old Curb and Gutter, and shall be thoroughly compacted by tamping. After the Sub-grade has been prepared, a layer of Boiler Cinders to form a foundation for the Combined Curb and Gutter, shall be placed thereon which shall be thoroughly tamped and shall be six (6) inches in thickness after being compacted, and shall be thoroughly moistened with clean water before the concrete base is placed thereon.

On the Cinder foundation above described, there shall be placed the Concrete Base Course for the Combined Curb and Gutter, which shall be composed of one (1) part by volume of Portland Cement, two (2) parts clean sharp sand and four (4) parts of Crushed Stone or Washed Gravel, of such size that will pass through a Screen having one (1) inch openings and be retained on a Screen having one-quarter (1-4) inch openings. The materials shall be thoroughly mixed together with sufficient clean water to produce a Concrete of the proper consistency which shall be approved by the Board of Local Improvements, and shall be promptly deposited in place on the Cinder foundation prepared as above specified; it shall then be tamped until the mortar flushes the surface and shall conform to the cross section of the finished work. After the Concrete Base Course has been placed and before it has started to set, the Finishing Course, composed of one (1) part by volume of Portland Cement, two (2) parts of clean sharp Sand mixed together with sufficient clean water to produce a Concrete of the proper consistency which shall be approved by the Board of Local Improvements, shall be placed thereon and well worked over the Base Course

with a trowel pressing it heavily on the Concrete surface so that no air spaces are left in the mortar and to thoroughly bind the two courses together, and lightly floated with a wooden float after which only such troweling shall be done as may be necessary to make a smooth and finished surface.

At all street and alley intersections where the curb lines intersect, the Combined Curb and Gutter shall be curved to a radius of Nine (9) feet; at all intersections of curb lines at all private driveways the Combined Curb and Gutter shall be curved to a radius of three (3) feet.

Forms, constructed of wood or metal shall be used in the construction of the Curb and Gutter to keep the materials in place and true to line and grade while they are being constructed, and shall remain in place until the Concrete has hardened enough to allow their removal without injury to the work.

The Combined Curb and Gutter shall be constructed in Sections five (5) feet long, and a space of one-quarter (1-4) of an inch shall be left between the ends of each section for their full depth to allow for expansion. The spaces shall be made by using metal parting strips while the Curb and Gutter is being constructed, which shall be removed when the Concrete has hardened enough that it will not injure the Curb and Gutter.

The grade of the finished roadway herein provided to be paved and the grade of the top of the Curb and Gutter herein specified, when set in place, shall be as shown on Plans and Profiles hereto attached, at points indicated by figures denoting the elevation of grade in feet and decimal parts thereof, which refer and relate to the Datum Plane hereinafter described, and shall be regular straight ascending or descending lines, as the case may be, between the said grade points indicated.

The roadway herein provided to be improved shall be brought to required Sub-grade by excavating or filling, as the case may be, to permit the construction of the pavement in such a manner that the finished surface of the pavement when completed shall conform to the lines and grades specified herein; and the roadway shall be 18 feet on either side the center line thereof, and as shown on Plans and Profiles hereto attached.

The Sub-grade shall be brought to a firm and unyielding surface by rolling with a self propelled roller weighing not less than five (5) tons and all portions of the Sub-grade which are inaccessible to the roller shall be thoroughly tamped with a tamper weighing not less than fifty (50) pounds, the face of which shall not exceed one hundred (100) square inches in area. All soft, spongy or yielding spots developed in the Sub-grade that will not compact under the roller shall be removed and the space filled with dry earth.

The cross-section of the finished surface of the Sub-grade shall conform in every respect to the cross-section of the finished pavement as shown on the Plans hereto attached.

All materials and surplus earth excavated from the street and not used in the improvement shall be used in the property of the Contractor and shall be removed and disposed of by the Contractor.

Upon the Sub-base thus prepared shall be placed a layer of Portland Cement Concrete five (5) inches in thickness. The Concrete shall be composed of one (1) part by volume of Portland Cement, three (3) parts clean sharp sand and six (6) parts of Crushed Stone or Washed Gravel. The Stone shall meet with the following requirements: It shall pass through a Screen having two (2) inch openings and be retained on a Screen having one-quarter (1-4) inch openings. The gravel shall be tested over a screen having sixteen (16) meshes to the square inch to determine the proportion of Sand required, necessary to make the mixture equal to that above specified; this shall be determined by the Board of Local Improvements before any work is done. No stone larger than one and one-half (1-1/2) inches in any dimension to be used.

The Portland Cement hereinafter referred to, shall be of the best quality and of a brand which has acquired an established reputation for strength and durability and shall comply with the requirements of the Standard Specifications and tests for Portland Cement, adopted by the American Society for Testing Materials, September 1st, 1916.

The Contractor must submit samples far enough ahead of the work to permit the Board of Local Improvements to make all necessary tests, and upon a failure of any Cement at any time to meet the tests prescribed, the Cement will be rejected.

Manholes and Valve Box Covers. All Manholes, Valve Box Covers and Storm Water Inlets in said roadway shall be raised to conform to the surface of the finished pavement when completed.

Brick Catch Basins laid in Cement Mortar with Cast Iron Covers, shall be constructed as shown on plans hereto attached.

Cast Iron Storm Water Inlets shall be located as shown on the Plans hereto attached, and as directed by the Engineer. They shall be of the best quality of gray Cast Iron and weighing not less than 350 pounds. They shall be connected to existing Inlets as now established in said Avenue.

Binder Course.

On the foundation above specified, there shall be placed a Binder Course which shall consist of fine bituminous Concrete, composed of Crushed Stone or Washed Gravel and Sand; no stone to exceed one (1) inch in its largest dimension, thoroughly screened, and

Asphaltic Cement, composed of Lake Asphalt, such as Trinidad or other Asphalt equal thereto, as hereinafter described. The Stone or Washed Gravel shall be heated by passing through revolving heaters and thoroughly mixed by machinery with the Asphaltic Cement in the proportion of not less than fifteen (15) gallons of the Asphaltic Cement to one (1) Cubic yard of Stone or Washed Gravel, and sand. The mixture will be so made that the resulting Binder has life and gloss without an excess of Cement. Should it appear dull from overheating or lack of Cement, it will be rejected. This Binder will be hauled to the work and spread on the Base with hot iron rakes and immediately rolled with a self propelled roller while in a hot and plastic condition until each inch of the finished work is completed and accepted by the said Board of Local Improvements.

On all questions concerning the execution of the work and measurements thereof, the decision of the said Board of Local Improvements shall be final.

Wearing Surface.

Upon the Binder Course thus prepared shall be laid a Wearing Surface or pavement proper, the basis of which shall be composed of Lake Asphalt, or other Asphalt equal thereto, unmixed with any of the products of Coal Tar and to be a nature and quality proven to be durable and proper by having been in successful use in roadway pavements in one or more cities of the United States for a period of at least two (2) years, and in an amount greater than five thousand (5000) square yards in each of said cities.

This Wearing Surface shall be composed of:—

1st.—Refined Lake Asphaltum.

2nd.—Heavy Petroleum Oil.

3rd.—Clean Sharp Sand.

4th.—Fine Powdered Carbonate of Lime.

Refined Asphalt shall be smooth and free from lumps of unmetallized pitch, organic matter not bituminous. It shall not at any time reach a temperature of over 375 degrees Fahrenheit. The Asphaltic Cement shall be prepared from such refined Asphalt as may be approved by the Board of Local Improvements, and suitable Heavy Petroleum Oil or other approved solvent.

The Heavy Petroleum Oil which may be the residuum by distilling of petroleum oils as found in the market generally containing water. The Petroleum Oil shall be free from any and all impurities and brought to a specific gravity of from 18 degrees to 22 degrees Reaumur and a fire test of 250 degrees Fahrenheit. To the melted Asphalt at a temperature of not over 325 degrees Fahrenheit, the Oil, after having been heated to at least 150 degrees Fahrenheit, shall be added in suitable proportion to produce an Asphalt Cement. To accomplish this, from 35 to 50 pounds of Oil per 100 pounds of Asphalt will be required. As soon as the Oil has begun to be added, suitable agitation by means of an air blast or other acceptable appliance, shall commence and be continued until a homogeneous mass is produced. The application for agitation shall be such as to accomplish this at least ten (10) hours during which the temperature shall be kept free from 200 degrees to 325 degrees Fahrenheit and no higher. If the Cement then appears homogeneous and free from lumps and from any inequalities as shown by samples from different parts of the still, it may be used. Should it not prove homogeneous, such deficiencies may exist shall be corrected by the addition of hot oil or melted Asphalt in the necessary proportions.

The ingredients for the Asphaltic Cement shall be as follows: They shall be mixed in the following proportions by weight: The Asphalt, 100 parts.

Heavy Petroleum Oil, 30 to 50 parts.

The paving mixture shall be formed of the following materials and in the proportions stated: Asphaltic Cement from 12 to 15.

Sand from 70 to 85.

Pulverized Carbonate of Lime, 5 to 15.

All Pulverized Carbonate of Lime shall pass a No. 30 mesh screen and at least 75 per cent of it shall pass a No. 100 mesh screen.

The Sand and Asphaltic Cement shall be heated separately to about three hundred (300) degrees Fahrenheit. The Pulverized Carbonate of Lime while cold shall be mixed with the hot Sand in the required proportions, and shall then be mixed with the Asphalt Cement at the required temperature and in the proper proportions in a suitable apparatus which will effect a perfect mixture.

The paving mixture thus prepared as above indicated, shall be laid on the foundation. It shall then be carefully spread by means of hot iron rakes in such a manner as to give a uniform and regular grade, and to such depth that after having received its ultimate compression it shall have a thickness of not less than two (2) inches. The surface shall then be compressed by rollers, after which a small amount of Hydraulic Cement shall be swept over it and it shall then be thoroughly compressed by a self propelled roller weighing not less than five (5) tons in order to get a thoroughly compressed Wearing Surface, the rolling being continued as long as it makes an impression on the surface.

The Powdered Carbonate of Lime shall be of such degree of fineness that five (5) to fifteen (15) per centum by weight of the entire mixture of the pavement shall be an impalpable powder of Limestone and the whole of it shall pass through a No. 30 Screen. The Sand shall be of such size that none of it shall pass a No. 80 Screen and the whole of it shall pass a No. 10 Screen.

All sand shall be sharp and

free from loam, lignite, or other foreign matter.

Headers.

At street intersections with streets having a different surface, the pavement shall be finished with Concrete Headers, four (4) inches in thickness and sixteen (16) inches in depth.

Concrete Headers shall be constructed of the same material as above specified for Concrete foundation and shall be constructed to the grade of the street surface.

General.

Estimates shall be made monthly and given to the Contractor to the amount of eighty-five (85) per cent of the finished work done each month and the final estimate will be given when the work is completed and accepted by the said Board of Local Improvements.

On all questions concerning the execution of the work and measurements thereof, the decision of the said Board of Local Improvements shall be final.

The said improvement shall be constructed in a thorough and workmanlike manner and to the satisfaction and acceptance of the Board of Local Improvements of the City of Jacksonville, Illinois.

The Plans and Profiles hereto attached, are hereby expressly referred to and made a part of these Specifications and of this Ordinance, and shall for all intent and purposes, when not in conflict with the express provisions herein contained, be taken and considered a further and more detailed specification of the nature, character, quality and description of the improvement herein contemplated.

Terms of Payment.

Payments shall be made in monthly estimates. Estimates to be made by the Public Engineer for said City on the first day of each month during the progress of the work herein provided. Estimates of the amount and volume of work actually constructed and in permanent place, and vouchers against the special tax levied to pay for this improvement, to the amount of eighty-five (85) per cent of the estimated value of said work actually constructed and in permanent place for the then expiring month, will be issued, delivered at the office of the City Treasurer in said City; the remaining fifteen (15) per cent of said Estimate due under said Contract to be retained as a guarantee against poor workmanship and material, until the work contemplated by this Contract has been fully completed and accepted by the Board of Local Improvements.

SECTION 2.—That the recommendation of the Board of Local Improvements of the City of Jacksonville, providing for said improvement, together with the estimate of the cost thereof, made by the Engineer of said Board, both hereto attached, be and the same are hereby approved.

SECTION 3.—That the cost of said improvement, except as hereinafter provided, including the sum of \$176.17 being the amount included in the estimate of said Engineer, hereto attached, as the cost of making, levying and collecting the assessment herein, and which said sum shall be applied toward payment of the aforesaid and other costs by law authorized, be paid by special taxation to be levied upon the property contiguous to and abutting upon said improvement, in the proportion that each lot, block, tract and parcel of land and property may front or abut upon said College Avenue, from the West Curb line of South Sandy Street running thence West to the intersection of the West City Limits with said College Avenue, after to pay the costs of said improvement, and the cost of making, levying and collecting the assessment to be levied upon the property as hereinafter provided, a special tax be and the same is hereby levied upon each lot, block, tract and parcel of land and property contiguous to and abutting upon said improvement, to be spread in the proportion hereinabove stated in accordance with an Act of the General Assembly of the State of Illinois entitled, "An Act Concerning Local Improvements," in force July 1st, 1897, and the amendments since made thereto: Provided, however, that there shall be paid by and assessed against the City of Jacksonville, Illinois, as Public Benefits and paid by General Taxation, an amount equal to seven (7) per cent of the total cost of said improvement and of the amount included in the Estimate hereto attached, as the cost of making, levying and collecting the assessment herein, and that there shall also be paid by and assessed against the City of Jacksonville, Illinois, as Public Benefits, the amount that would be assessed against Lots 164 and 165 in the Original Plat of the Town (now City) of Jacksonville, Illinois, if said lots were privately owned, said lots being now owned by the City of Jacksonville and used for Library purposes.

SECTION 4.—That the aggregate amount herein assessed against the property, and also, the assessment on each lot, block, tract and parcel of land and contiguous property therein assessed, shall be due and payable in installments in the manner provided by the Statute above mentioned and each of said installments shall bear interest at the rate of six (6) per cent per annum according to law until paid.

SECTION 5.—That for the purpose of anticipating the collection of the aforesaid second and succeeding installments provided for in this Ordinance, the said City of Jacksonville shall issue Bonds, payable out of said installments, bearing interest at the rate of six (6) per cent per annum, payable annually on a day designated by the City Clerk of said city, under

the corporate seal of said City, said bonds to be issued in the sum of One Hundred (\$100) each or some multiple thereof, and shall be issued in accordance with, and shall in all respects conform to the provisions of said Act of the General Assembly of the State of Illinois entitled, "An Act Concerning Local Improvements," approved June 14th, 1897, and the amendments thereto."

SECTION 6.—That the City Attorney is hereby directed to file a petition in the name of the City of Jacksonville in the County Court of Morgan County, Ill., praying that steps be taken to levy a special tax to pay the costs of said improvement in accordance with the provisions of this Ordinance and the laws of the State of Illinois.

SECTION 7.—All Ordinances or parts of Ordinances in conflict with this Ordinance, are hereby repealed.

SECTION 8.—This Ordinance shall be in full force and effect from and after its passage and legal publication.

Passed by the City Council of the City of Jacksonville, Illinois, at a regular meeting held on the day of

A. D. 1922.

Which is Larger the Sun or a Cent?

"Why—the sun of course" you will say. But remember—you can hold the cent so close to your eye that you lose sight of the sun.

Some baking powders can be bought for a few pennies less than Calumet—but don't hold these cents too close to your eyes—you will not be able to see the quality—the purity—the dependability of

CALUMET BAKING POWDER

In other words, don't be deceived by a few pennies—the cheapest baking powder in price is often the most expensive.

When you buy Calumet you know that it will produce pure, sweet, and wholesome bakings. You know that you use less because it contains more than the ordinary leavening strength.

Buy it—try it—be convinced.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

MONEY to Lend Always—The Johnston Agency. (Established in 1896.) 12-1-tf

STOCK EXCHANGE HAS ACTIVE SESSION

NEW YORK, March 2.—The stock market rose and fell in listless fashion during the greater part of today's session but became active and strong in the last hour under the stimulus of demand for steels, motors, equipments, oils, sugars and rails.

Final prices showed gains of 1 to 3 points in gulf states steel, United States Steel, Lima locomotive, Chandler, Pierce Arrow preferred, Mexican Petroleum, American sugar, Cuban cane sugar preferred, United States cast iron pipe, U. S. rubber, Missouri Pacific, preferred and Western Pacific.

The belated rebound was made in the face of another dividend suspension directors of the Sloss-Sheffield Steel company ordering the omission of the disbursements on that stock, which made a precipitous decline of 6 points.

An unusual assortment of inconspicuous specialties changed hands during the duller trading period, mostly at sharp recessions.

Sales amounted to 800,000 shares.

The very light inquiry for money was reflected in the call loan market where the rate gradually eased from 4 1/2 to 4 percent, the lower quotation being quoted just before the close of the market. Purchases of merchantile paper for short dates were reported at slight concessions from therecent 4 1/2 percent rate. All foreign exchanges with one or two unimportant exceptions were reactionary.

Liberty bonds again showed confusing gains and losses, all within narrow limits.

Total sales (par value) aggregated \$31,650,000.

Chicago Livestock Market

Hogs—Receipts, 22,000; market, 5 to 10c higher; top, \$11.30; bulk of sales, \$10.80 to \$11.15; heavy weight, \$10.80 to \$11.00; medium weight, \$10.95 to \$11.20; light weight, \$11 to \$11.30; lights, \$10.50 to \$11.20; heavy packing sows, \$9.50 to \$10.75; packing sows, \$9.75 to \$10.25; pigs, \$9.50 to \$10.75.

DECIDED UPTURN IN WHEAT PRICES

CHICAGO, March 2.—Indications of brisk new foreign buying of wheat led to a decided upturn today in prices here. The market closed strong 1 1/2 to 2 1/2c higher with May at \$1.46 to \$1.46 1/4 and July \$1.22 1/2 to \$1.22 3/4. Corn gained in value 3/4 to 1 1/4c and oats 3/4 to 5-8c. In provisions, the outcome varied from 15c decline to 15c advance.

Estimated sales of wheat to Europe today and yesterday totaled more than 2,000,000 bushels. The bulk of this amount was Canadian wheat but a liberal proportion was Durum grown in the United States, a grade from which macaroni is made. Italy was reported to have purchased fifty boat loads of Durum and to be in the market for more.

In connection with the European buying a Chicago authority said world importing countries are short of actual requirements more than 100,000,000 bushels.

A British authority was quoted as putting the surplus of export countries at 70,000,000 bushels.

Word that a loan of \$30,000,000 to Russia was being advocated before the senate agriculture committee at Washington appeared to be to some extent a factor in lifting wheat prices, and causing the market to close at the top level reached, notwithstanding numerous fluctuations which resulted from heavy profit-taking sales on the part of holders.

Downturns in early quotations at Liverpool had much to do with temporary declines here. Falling off in the volume of receipts of corn helped to strengthen prices for corn and oats. Provisions ruled irregular but in the end were advancing with hogs and grain.

CASH GRAIN REPORT

By Associated Press.

CHICAGO, arch 2.—Wheat closed 13 cents higher in the cash market today with the trading basis unchanged. Shipping sales were 7,000 bushels. The seaboard reported 500,000 bushels worked overnight for Europe and some Manitoba worked today.

Corn was selling 3/4 to 1c better, but at the close showed a gain of only 1-2c to 3/4c from the previous closing prices. Shipping sales here were 230,000 bushels including 50,000 bushels to exporters. Trading basis were unchanged for contract grades. Cheaper grades were slightly better.

Oats finished 1-4c higher with retharding basis unchanged to 1-2c better. Shipping sales were 60,000 bushels including 20,000 bushels to exporters. Car lot receipts, wheat 25; corn 301; oats 87.

St. Louis Grain Market

Wheat—Steady; No. 2 red, \$1.44; No. 3 red, \$1.34 to \$1.40; No. 4 red, \$1.35 to \$1.38; No. 3 garrie, \$1.37 to \$1.38; No. 4 garrie, \$1.35 to \$1.38; No. 3 hard, \$1.35; No. 2 hard, 76 cent mark, \$1.42.

Corn—Steady to 1c higher; No. 2, 59c to 60c; No. 2 yellow, 60c to 60c; No. 3 yellow, 59c; No. 4 yellow, 57c; No. 5 yellow, 56 to 57c; No. 2 white, 60c; No. 4 white, 57c.

ROODHOUSE.

Mrs. Mary Drake is at the bedside of her sister, Mrs. Ada Lincoln, in St. Louis. The latter is seriously ill.

Frank Scott was called to Peoria Sunday on business connected with the Thomas and Clark Cracker Company.

Thomas Rimbey and his sister Mrs. James F. Sink, attended the funeral of their uncle, Uriah Rimbey, in Murrayville, Tuesday.

A number of Roodhouse Knights Templar attended the annual banquet and inspection of Hugh DePayne's commandery at Carrollton Wednesday night.

C. W. Payne, who was called to Medora from San Antonio, Texas, by the death of his mother a week ago, came from Medora to Roodhouse Saturday and remained here until Monday, when he returned to San Antonio. Mr. Payne likes it in the south and looks well. Mrs. Payne did not accompany him north on his trip.

H. B. Harris had located in Roodhouse for the practice of podiatric and is located in the Rades building which is now undergoing repairs. Mr. Harris comes from New Market, Iowa, and his wife and little daughter will join him there in the near future.

Miss Mary Fearnough, Mrs. Kate Hills and Mrs. Edith Schofield entertained the members of the Lynnville Ladies' Aid at the church Wednesday afternoon. An all-day sewing was held and at noon an elegant dinner was served and a social time enjoyed.

Harold V. Gaines has taken a position as salesman for the International Harvester company. Mr. Gaines will have the immediate territory comprising the counties of Morgan, Cass, Scott and Greene and will sell the general line of machinery handled by this company.

W. S. CORSA ENTERS SENATORIAL CONTEST

Greene County Man Becomes Candidate for Nomination is 38th Senatorial District on Republican Ticket.

White Hall, March 2.—The last day for filing nominations brings out a most interesting contest in the 38th senatorial district with W. S. Corsa fully in the race on the Republican ticket. Mr. Corsa is proprietor of Gregory Farm at White Hall and is nationally known in agriculture and livestock circles. His entrance will determine just to what extent the farmers and the great producing classes will stand together in putting forward a man of the Corsa type. He is not only familiar with rural problems, but just as familiar with the larger civic problems, he being identified with various social and business organizations, including the presidency of the Greene County Farm Bureau, the American Berkshire Congress and past presidency of the Percheron Society of America. The move to bring him out came spontaneously with receipt on Wednesday of petitions for his nomination, when the White Hall friends got busy and finished the job here at home, it being necessary to take the papers to Springfield by auto for filing by 5 p. m. Wednesday. Greene county is thoroughly united on Mr. Corsa, and it is believed that Jersey, Macoupin and Montgomery counties will get the spirit of this new movement among the farmers in a most healthy measure.

PRE-EASTER UNION REVIVAL.

A committee of the Jacksonville Ministerial association on Union Revival meetings wishes to announce a five-days program of united evangelistic effort to be participated in by all the protestant churches of the city and held in the churches and on the dates following:

March 27—Centenary M. E. church.

March 28—Congregational church.

March 29—Westminster Presbyterian church.

March 30—First Baptist church.

March 31—Central Christian church.

A different pastor will be the speaker for each evening, but his name will not be announced until time for him to speak. Special meeting will be held for the High school students under the auspices of the Hi-Y club and a public meeting in charge of J. S. Findlay and the Rev. W. H. Marchab. William Walton, Thomas Hopper, Ernest Rutherford and Ed. Spink constitute an advertising committee.

ESKIMO PIE

The candy way of eating ice cream. A food, not a fad. Buy it any place you see the sign, Eskimo Pie.

MADE ONLY AT MERRIGAN'S

Mrs. Joseph Ouring of East College Ave. is going to Kansas City today to visit her daughter, Mrs. O. J. Butler.
